ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Dane County Housing Authority has prepared this agency plan in compliance with Section 511 of the quality Housing and Work Responsibility Act of 1998. This plan serves as DCHA's five-year plan for fiscal years 2000 through 2004.

Dane County Housing Authority administers 86 public housing units, 16 rural development units, 821 existing units (certificates and vouchers), and 50 units of Moderate Rehabilitation.

Dane County Housing was established in 1972. It is overseen by a five-member board, which is appointed by the County Executive.

The five-year plan must include the mission and long range goals of DCHA. These plans must be submitted to HUD at least 75 days prior to the PHA fiscal year. Each PHA must conduct public hearings to discuss the plan. At least 45-days prior to the public hearing, the agency must make the proposed plan available to the public. The agency must take into consideration any public comments received in regards to the plan before the Board formally adopts the plan.

DCHA is also required to prepare annual plans, The agency is also submitting it FY2000 annual plan, providing detailed information regarding the agency and its operations.

Additionally, the housing authority is required to establish a Resident Advisory Board, Such a board has been established. The Board represents the residents and participants assisted by DCHA.

As required by QHWRA of 1998 the plan addresses the following:

- Mission Statement
- 5 Year Plan (Goals and Objectives)

- Statement of Rent Determination Policies
- Statement of Capital Improvements
- Statement of Demolition or Disposition

- Funding Issues
- Options Affecting HAA Organizations
- General Program Operating Provisions
- HA Plan Requirements (5-year plan and annual plan)
- Merger of the Section 8 Certificates and Voucher Programs

In summary the intent of these sweeping changes is to improve the condition of affordable housing through collaborative efforts with the residents and participants served by the housing authority and within the communities that strive to meet the housing needs of the low and verylow income population.

For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

B. Housing Needs of Families on the Public Housing and Section 8 Tenant- Based Assistance Waiting Lists

As in its Consolidated Plan, the State of Wisconsin has many unmet housing needs. Despite the relative economic health of the state the extremely low and very low household have difficulty finding suitable housing within their means. In all geographic regions housing problems tend to be more prevalent among the extremely low-income population.

These households have limited income therefore their choice of housing is limited to to the low end of the housing market where numerous housing problems exist. s. **Complete one table for each type of PHA-wide waiting list administered by the PHA.** PHAs may provide separate tables for site-based or sub-jurisdictional public housing waiting lists at their option.

1. DECONCENTRATION POLICY

It is DCHA's policy to provide for deconcentration of poverty and encourage income mixing by admitting higher income families into lower income developments and lower income families into higher income developments. To achieve this goal, DCHA will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The DCHA will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

11. DECONCENTRATION INCENTIVES

The DCHA may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

III. OFFER OF A UNIT

When the DCHA discovers that a unit will become available, we will contact the first family on the waiting list who has the highest priority for this type of unit or development and whose income category would help to meet the deconcentration goal and/or the income-targeting goal,

The DCHA will contact the family first by telephone to make the verbal unit offer. If the family cannot be reached by telephone, the family will be notified of a unit offer via first class mail. The family will be given 7 business days from the date the letter was mailed to contact the DCHA regarding the offer.

The family will be offered the opportunity to view the unit. After the opportunity to view the unit, the family must have 10 business days to accept or reject the unit. This verbal offer and the family's decision must be documented in the tenant file. If the family rejects the offer of the unit, the DCHA will send the family a letter documenting the offer and the rejection.

IV. REJECTION OF UNIT

If in making the offer to the family the DCHA skipped over other families on the waiting list in order to meet their deconcentration goal or offered the family any other deconcentration incentive and the family rejects the unit, the family will not lose their place on the waiting list, and will not be otherwise penalized.

If the DCHA did not skip over other families on the waiting list to reach this family, did not offer any other deconcentration incentive, and the family rejects the unit without good cause, the family will forfeit their application's date and time. The family will keep their preferences, but the date and time of application will be changed to the date and time the unit was rejected.

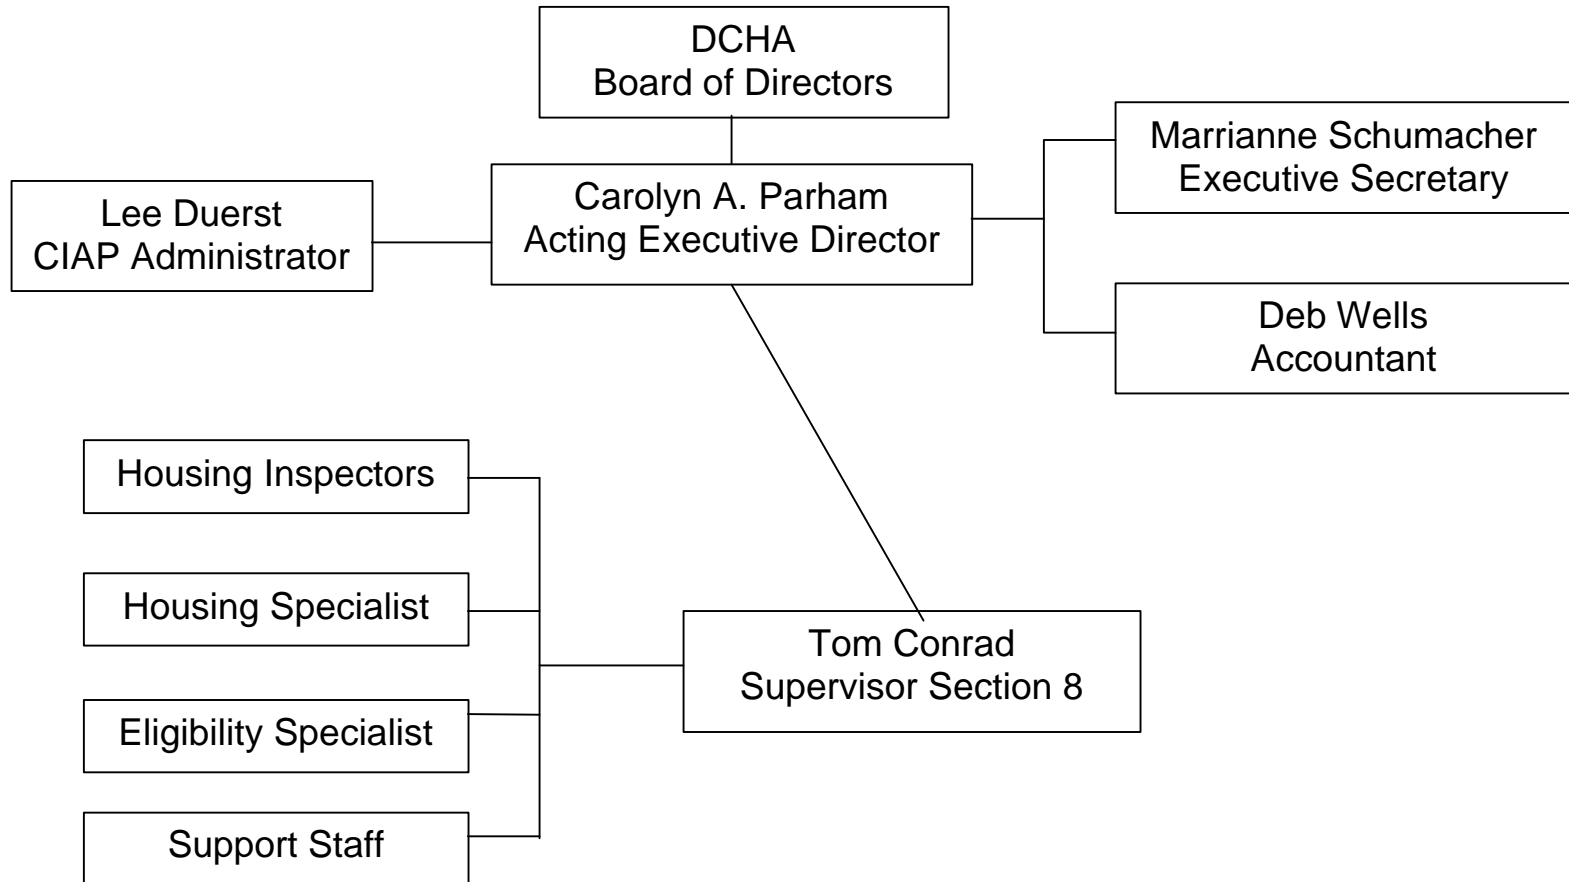

If the family rejects with good cause any unit offered, they will not lose their place on the waiting list. Good cause includes reasons related to health, proximity to work, school, and childcare (for those working or going to school). The family will be offered the right to an informal review of the decision to alter their application status.

VIII. STATEMENT OF CAPITAL IMPROVEMENTS

The QHWRA Act of 1998 requires housing authorities to submit a Capital Improvement Plan in the agency plan. HUD form 52825 attached herein is our plan. The decisions made were in the best interest of our residents. We realize that prioritization and needs may change and in the event that happens we will implement the necessary changes to the plan

COMMENTS – RESIDENT ADVISORY BOARD (RAB)

A review session was held with member of the RAB to solicit their input about the plan and to provide additional information. The RAB consisted of a Public Housing resident and two Section 8 participants.

Executive Summary – Clear and easily understood by a lay person.

Mission Statement – Appropriate and detailed

Five Year Plan Goals and Objectives (recommendations and comments)

- Improve LL participation and acceptance of S8 program
- More accessible housing for persons with disabilities
- Difficult finding a unit in a month; provisions for breaking a lease
- improve exchange between landlords and voucher holders
- Difficult to find units outside of poverty pockets
- Transferring to another jurisdiction was time prohibitive and further complicated by screening processes
- Experience called 150 owners prior to acceptance of S8 Voucher , and only one accessible unit was available and was undesirable
- Flexibility in the cost participant's can pay
- Educate landlords to eliminate fear
- Mandatory screening, rating, and credibility checks
- Statistically support risk factors S8 vs. Non S8
- Drug dealing issues
- Attracting non participating owners
- Revise lease addendum and contract if only objection owners have

The following comments are regarding issues in the RAB's neighborhood and/or community that needs more attention.

- Affordable rents (need more)
- Low pay/high rent costs – how to get some balance
- Transportation
- Facilities for older children
- Additional security in apartment complexes
- Owners need to take more responsibility for tenant selection which would include home visits, reference checks, spot checks

The following comments were regarding issues from one of the Public Housing sites:

- Would like better interaction between the management company and the residents
- Feels the family units are ignored in favor of the elderly units
- Not happy with timeliness of maintenance repairs and call backs
