## 1. Statement of Housing Needs

**A. Housing Needs of Families in the Jurisdiction/s Served by the PHA**

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the “Overall” Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being “no impact” and 5 being “severe impact.” Use N/A to indicate that no information is available upon which the PHA can make this assessment.

The Quality Housing and Work Responsibility Act of 1998 requires that housing authorities set forth in our Annual Plan a Need Assessment of housing needs of our jurisdiction and our waiting list. Also, we are required to state how we intend to address these needs.

The Merrill Housing Authority has two housing programs. They are; Pubic Housing which was created in 1971 and is comprised of 91 units designated for elderly/disabled housing and 10 units for families and Section 8 New Construction which was created in 1979 and is comprised of 100 units designated for elderly/disabled housing and 9 units for families. One of the elderly/disabled housing buildings is locate one the east side of the community and one on the west. The idea was that each would serve its respective half of the community and for the most part that has occurred. The family homes are located in the following areas of Merrill. Six units on the east side, one unit in the center, and 12 units on the west side. Once again, the initial idea was to plan units through out the community and for the most part that has worked successfully.

The supply of housing in our programs is adequate and that analysis is based primarily on our waiting list and the vacancies in other similar programs. In our programs, at the current time, we have a limited waiting list. Generally speaking the list is non-existent and the recent past we have had to engage in marketing in order to fill the vacancies. This coupled with extremely high turn over in the elderly program has eliminated the long waits for placements. The community also has a variety of other low-income housing and they have vacancies. This is evidenced by notices in the local newspaper and signs on their buildings. Finally, in contacting other agencies, such as Community Action, we have been informed that they have similar situations. Therefore’ in summary, I conclude that the supply of housing slightly outweighs the demand thus; it is my belief that the housing needs are being met.

## B. Housing Needs of Families on the Public Housing and Section 8 Tenant- Based Assistance Waiting Lists

State the housing needs of the families on the PHA’s waiting list. **Complete one table for each type of PHA-wide waiting list administered by the PHA.** PHAs may provide separate tables for site-based or sub-jurisdictional public housing waiting lists at their option.

If yes:			
How long has it been closed (# of months)?			
Does the PHA expect to reopen the list in the PHA Plan year? <input type="checkbox"/> No <input type="checkbox"/> Yes			
Does the PHA permit specific categories of families onto the waiting list, even if generally closed? <input type="checkbox"/> No <input type="checkbox"/> Yes			

Note: The Merrill Housing Authority waiting list is non-existent. The largest portion (90%) of our housing inventory is comprised of elderly/disabled housing. Currently we have 6 apartments vacant and consequently no waiting list.

The remaining portion (10%) of our inventory is designated to families and we currently have a two-bedroom apartment vacant. In addition, the last two vacancies have had to be filled by advertisement in the paper, thus we have no waiting lists for our two and four bedroom units. The only area where we have a list is in the three-bedroom category. We currently have three people on the list, which in my estimation is not necessarily representative of a

great need. As stated previously, our housing demand is slightly less than the supply. At the current rate, I would suspect that vacancy rate will increase.

Exemptions from sub-component 7A: PHAs that will not participate in the Capital Fund Program may skip to component 7B. All other PHAs must complete 7A as instructed.

**(1) Capital Fund Program Annual Statement**

Using parts I, II, and III of the Annual Statement for the Capital Fund Program (CFP), identify capital activities the PHA is proposing for the upcoming year to ensure long-term physical and social viability of its public housing developments. This statement can be completed by using the CFP Annual Statement tables provided in the table library at the end of the PHA Plan template, or, at the PHA's option, by completing and attaching a properly updated HUD-52837.

Select one:

- The Capital Fund Program Annual Statement is provided as an attachment to the PHA Plan at Attachment (state name) Merrill Housing Authority WI017

-or-

- The Capital Fund Program Annual Statement is provided below: (if selected, copy the CFP Annual Statement from the Table Library and insert here)

The Merrill Housing Authorities capital improvements will be funded primarily by the capital funding formula (CIAP) which is suppose to be \$148,054 for 1999. At this time this money has been applied for but not granted. Therefor planing is uncertain until it is known if the grant is approved and how much the allocation will be. The second source of funds are the reserve accounts for the Section 8 project. Those reserves are as follows, reserve replacement-\$75,000, operating reserves- 75,000. This money can be used only in the Section 8 program and only to maintain the building or replace equipment. The indenture agreement specifically states how this money should be spent and therefore this money will not be considered in this years annual plan

If the Merrill Housing Authority receives approximately \$150,000 of grant money for 1999 and the same for 2000, we would have \$ 300,000 to allocate for capital improvements. The following is a list of projects that the money would be spent on:

• Replace carpets on four floors at Park Place	\$ 7,000
• Roof upgrade over storage area at Westgate Apts.	\$12,500
• Enclosure over air handler	\$ 3,000
• Relocation of air exchange duct work and upgrade of air exchanger	\$ 7,000
• Air conditioner units for Westgate Apts.	\$10,000
• Install car Plug-in at Park Place	\$ 4,000
• Install telephone jacks in bedrooms at Park Place	\$10,000
• Upgrade internal smoke alarms at Park Place	\$20,000
• A & E Fees	<u>\$ 8,500</u>
• Total	\$82,000

This plan obviously does not call for all of the anticipated money to be allocated. The remaining money would be invested to save for a kitchen replacement project and then matched with future allocations. The kitchen project would cost approximately \$250,000.

## **(2) Optional 5-Year Action Plan**
