A. Mission

State the PHA's mission for serving the needs of low-income, very low income, and extremely low-income families in the PHA's jurisdiction. (select one of the choices below)

- The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.
- The PHA's mission is to offer or provide housing assistance to needy in ways that support families neighborhoods, and economic self-sufficiency and that is financially sound.

In adopting this mission statement, the board envisioned that there were many means by which the Authority could provide housing assistance, from development and ownership of housing to the provider of housing subsidies. Further, it is understood that these mechanisms would change over time (primarily as market forces change). It should be noted that this mission is consistent with the QHWRA, which also envisions a broad and changing landscape for public housing.

This mission also makes clear that the Agency has a role that extends beyond simply housing assistance. The housing provided must support families, neighborhoods, and economic self-sufficiency. Among other matters, this means that the Agency should not provide housing that concentrates poverty or fosters dependence. At the same time, however, the PHA must use prudent use of the public dollars and every "unit" of housing provided must be at a cost that is reasonable, balancing the Agency's monetary goals with the non-monetary goals. Further, the PHA will promote a suitable living environment without discrimination. The PHA will recognize residents as its ultimate customer, and improve its management and service delivery efforts through effective and efficient management of the Housing Authority staff, see problem – solving partnership with residents, community and government leadership.

Fy 2000 Annual Plan

Fy 2000 Annual Plan **ADMISSIONS POLICY FOR DECONCENTRATION OF POVERTY**

Under QHRA, the PHA has affirmative obligation to de-concentrate poverty and to seek opportunities to increase the number of higher-income families in lower-income complexes and lower-income families in higher-income complexes.

To accomplish the deconcentration goals, the housing authority will take the following actions:

At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.

A. To accomplish the goals of:

- (1) Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income, and
- (2) Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, the housing authority's Tenant Selection and Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals

The housing authority has analyzed its complexes to determine which need more focus on deconcentration. The chart below shows the analysis.

DEVELOPMENT	TOTAL UNITS	AVERAGE HOUSEHOLD	BELOW 30% OF MEDIAN	BETWEEN 30% AND 50% OF MEDIAN	ABOVE 50% OF MEDIAN
