D. Executive Summary of Annual PHDEP Plan

In the space below, provide a brief overview of the PHDEP Plan, including highlights of major initiatives or activities undertaken. It may include a description of the expected outcomes. The summary must not be more than five (5) sentences long

Drug related crime is a very real and serious problem in the Bessemer area and is the direct result, to a high degree, of drug traffic that filters over from Birmingham. This Authority will use its PHDEP grant award to increase law enforcement presence above baseline and provide "welfare to work" initiatives by employing part-time resident staff; and build strong drug prevention/resident service programs for youth and adults. Through our planning meetings and resident surveys, the Authority has determined that this type of comprehensive, balanced plan will effectively address the problems and needs of its residents and surrounding communities.

E. Target Areas

Complete the following table by indicating each PHDEP Target Area (development or site where activities will be conducted), the total number of units in each PHDEP Target Area, and the total number of individuals expected to participate in PHDEP sponsored activities in each Target Area.

Section 2: PHDEP Plan Goals and Budget

A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

The Housing Authority will utilize a comprehensive plan of additional law enforcement, youth activities, employment training, and drug prevention programs to eliminate drug-related activity in the targeted developments. The plan components will be accomplished by: 1) contracting with the Bessemer PD for additional patrols, 2) organizing and funding Boys and Girls Scouting programs and Youth Sports programs that concentrate on involving the children from housing developments, 3) hiring a temporary full-time employee to coordinate all PHDERP funded programs, and 4) contracting with the various non-profit agencies to provide a broad range of comprehensive skills building, recreational and employment training activities to support the Housing Authority’s drug eradication program for its resident youth and adults. The Authority will conduct a semi-annual and annual evaluation of the program. Evaluations consists of baseline data collection, resident surveys, and collection of monthly progress reports.
