A. Deconcentration

The Housing Authority will strive to create mixed-income communities and lessen the concentration of very-low income families within the Housing Authority's public housing developments through admissions policies designed to bring in higher income tenants into lower income developments and lower income tenants into higher income developments. This policy shall not be construed to impose or require any specific income or racial quotas for any public housing development owned by the Housing Authority.

B. Statement of Progress for 5-Year Plan

One of the main goals of the Housing Authority's Five Year Agency Plan is to strive to provide staff with initiative and customer driven attitudes by promoting team spirit, flexibility in meeting job responsibilities, and personal career goals. The THA will attempt to achieve this goal through the following objectives:

- By 12/31/01, the Executive Director and PHA staff will evaluate its corporate culture and prepare a form for an internal customer service satisfaction survey to determine baselines for staff satisfaction.
- The Executive Director and PHA staff will conduct the internal customer service satisfaction survey to determine baselines for staff satisfaction immediately following the development of the survey.
- Customer service satisfaction training will be conducted by 12/31/02 to address the survey results and resolve customer dissatisfaction issues.

All of these objectives should not only help internal customer service but will also enhance overall service to the PHAs client base.

C. Resident Membership of the PHA Governing Board

In Arkansas, the Board of Commissioners elects a Commissioner who in turn has to be approved by the City Council. In this case, the Resident Council for the THA came up with a list of nominations which was presented to the Board of Commissioners who then selected the current member from the list. Mr. Brecheen began serving as a Commissioner on 4/03/00.

Based on the results of the RASS survey, the Trumann Housing Authority was deficient in the area(s) of safety and neighborhood appearance. The Authority expects this follow-up plan to address all factors of the recent survey.

SAFETY

- The THA is in the process of installing security lighting fixtures on all units – front and rear.
- The THA is planning to install heavy duty security screens on all windows.
- Additional exterior light fixtures are also planned for all units.
- The Executive Director will report monthly to the Board on the status of the planned improvements and the resident program.
- There are two Police Officers who patrol all developments for a total of 64 hours a week.
- There are two sub-stations located throughout the developments – one of these has been put in place since the Resident Survey.

- Safety is of the utmost importance to THA employees. Proper care is taken by the Maintenance Department to keeping common areas clean and up to the current safety standards. Grass is mowed regularly; seating areas, recreational facilities and community buildings are checked routinely to avoid any potential problems that residents may experience.

NEIGHBORHOOD APPEARANCE

- SOD work is in the planning process presently for all lawns.
- The Authority has stepped up its efforts to control tree growth by trimming and cutting them back.
- The THA is stepping up its efforts to control illegally parked vehicles through strict enforcement of towing.
- The Authority has published notices for residents and has information in the local newspaper pertaining to keeping yards and housing units free of debris and other unsanitary and unsightly trash outside. Through the enforcement of the Property Maintenance Code there should be marked improvement in the care given to residential areas. Inoperable motor vehicles and other unsanitary items will also be required to be moved or disposed of.
