These units have had air conditioning added in 1994

All cook stoves replace in 1997

All refrigerators were replaced 1997

The average turn over rate for these units 6 per year.

Whisperings pines #1

These dwelling units have been totally refurbished with in the last two years which consist of the following.

- New state of the art heat pumps.

- New refrigerators

- New Cook stove

- Doorknobs replace with door handles

- All water faucet knobs replace with single handle levers

- All dwelling units painted inside

- All units made handicapped friendly with ramps and handrails

- All roofs are in good shape and we expect them to last for several years.

Whispering pines #2

These are relative new dwelling units constructed in 1999. These are dwelling units for the elderly. They normally require very little maintenance. They are constructed of brick with a veinal floors. We do not expect to need to replace or repair any of the appliances or air Handling units for the next several years

PREVIOUS MAINTENANCE NEEDS AND PROCEDURES

The Benton Housing Authority has been in existence since 1980 the maintenance needs have been met through the years without the aid of grants for maintenance. We have managed to keep the dwelling units in good repair and fully occupied since their construction. At the same time we have managed to increase our reserves substantially. This is reflected in the reports made to HUD through the years and the face that this authority has been recognized as a high performer each year.

With the approval of HUD to use the capitol funds, for the nest five years, as leverage money to attract investors the Benton PHA will proceed with the following:

Employ the services of a finical consulate	2001
Purchase property	2001
Employ an Architect	2001

Create a not profit entity to develop and manage the construction of the dwelling complex

HOME PROGRAM: This program is under the State Office of Arkansas Development Finance Authority. Under this program we can apply for an obtain a\$300.000.00 Home Loan, Which will be deferred until the first mortgage is paid, therefore enabling the lower rents.

LIHTC: This program is also administered under the state office of Arkansas Development Finance Authority. Under this program we will obtain equity financing through the sale of Federal Tax Credits

PERMEANT BANK LOAN:

Wed will obtain a small first debt mortgage through a financial institution. This is very easily obtained as they will take a first mortgage in a development in which their interest will represent approximately 15 to 20 % of the entire development.

GOALS:

Receive a Home loan for \$300,000 by the end of 2001

Apply for Federal Tax Credit in February of 2002

When applications are approve we will apply for a permanent loan for the remaining needed funds. Also we will obtain a short term loan bank loan to capitalize the \$900,000 HUD funds that will be issued in annual increments for a 5 year period.

The estimated total development cost would be two million two hundred thousand dollars (\$2,200,000.00) for a 32 dwelling unit development.

\$300.000.00	HOME LOAN
\$900,000.00	CAPITOL FUNDS

\$600,000.00 LIHTC
\$400,000.00 BANK LOAN

\$2,200,000.00

With the above source and use of funds we will development dwelling units and maintain low moderate rents. The HUD funds will be used as a leverage and would represent a 41% total development cost.
