## **Progress Report on the Goals and Objectives of the Five Year Plan**

### **Goal 1: Expand the supply of assisted housing**

The Housing Authority of the County of Riverside has consistently applied for additional vouchers. In August of 2000, the Housing Authority received an additional 500 vouchers through the Fair Share Allocation. We are continuing to add families from our waiting list from that allocation. Riverside also received an additional 100 vouchers for the Family Unification Program with an ACC effective date of January 1, 2001. The Family Unification Program in Riverside is active and vibrant. We completed the Fair Share Allocation application as well as a Shelter + Care application for the current funding cycle and will also submit an application for Mainstream Disabilities. Our public housing vacancy rates have improved and we are continually working on ways to reduce vacancies.

### **Goal 2: Improve the quality of assisted housing**

Riverside has submitted our request to the Special Applications Center to dispose of small and scattered public housing sites that are difficult and expensive to administer. We have had successful resident unit care briefings for which we obtain the cooperation and participation of the local fire, police and utility agencies. These briefings assist tenants in keeping residences healthy and safe and improve the quality of life for the residents.

### **Goal 3: Increase assisted housing choices**

We have conducted outreach to prospective landlords through community real estate associations, landlord workshops and Internet activities. We have expanded the Housing Authority website so landlords can list their properties online and prospective tenants can view the property listing online. Both tenants and landlords have been very pleased with this new service. Riverside sought and received approval from the local HUD field office for exception payment standard for certain areas in the jurisdiction where the rents are so high as to make voucher lease-up very difficult.

### **Goal 4: Improve community quality of life and economic vitality**

We have expanded our Public Housing Drug Elimination Program. This has allowed more public housing sites to get the benefit of increased security. Continuing training of our managers and public housing staff in crime-free housing has shown positive results in decreased crime statistics.

### **Goal 5: Promote self-sufficiency and asset development of assisted households**

We have acquired an automated Kiosk through a partnership with the Workforce Development Center to assist public housing and Section 8 applicants and participants in seeking training and employment services. We have an active member on the Workforce Development Board Youth Council. The Housing Authority works closely with Community Access in providing both housing and counseling services to those disabled members of the community. Our FSS program continues to grow and our administrative policies are designed to encourage families to expand work opportunities.

### **Goal: Ensure Equal Opportunity in Housing for all Americans**

The Housing Authority continues to train our staff and provide information for Section 8 landlords in affirmative measures to ensure access to assisted housing. PIH Notice 99-52 is issued to all new landlords and vendors and contractors. The Housing Authority website also provides this information to participants and vendors. Reasonable accommodations for disabled members are regularly made and documented in both public housing and Section 8 family records.
