For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

C. Strategy for Addressing Needs

Provide a brief description of the PHA’s strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency’s reasons for choosing this strategy.

(1) Strategies

Need: Shortage of affordable housing for all eligible populations

Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- Employ effective maintenance and management policies to minimize the number of public housing units off-line
- Reduce turnover time for vacated public housing units
- Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development
- Seek replacement of public housing units lost to the inventory through section 8 replacement housing resources
- Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction

In February, 2001 we received a second increase in the HUD approved payment standard reflecting 40% of the current rental market (0 bedroom - \$821, 1 bedroom - \$1,039, 2 bedroom - \$1,467, 3 bedroom - \$1,861).

- Undertake measures to ensure access to affordable housing among families assisted by the PHA, regardless of unit size required
- Maintain or increase section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration
- Maintain or increase section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program
- Participate in the Consolidated Plan development process to ensure coordination with broader community strategies
- Other (list below)

Strategy 2: Increase the number of affordable housing units by:

Select all that apply

- Apply for additional section 8 units should they become available
- Leverage affordable housing resources in the community through the creation of mixed - finance housing
- Pursue housing resources other than public housing or Section 8 tenant-based assistance.
- Other: (list below)
Once agency is leased up to 95% capacity we will apply to HUD for additional vouchers whenever available.

Need: Specific Family Types: Families at or below 30% of median

Strategy 1: Target available assistance to families at or below 30 % of AMI

Select all that apply

- Exceed HUD federal targeting requirements for families at or below 30% of AMI in public housing
- Exceed HUD federal targeting requirements for families at or below 30% of AMI in tenant-based section 8 assistance
- Employ admissions preferences aimed at families with economic hardships
- Adopt rent policies to support and encourage work
- Other: (list below)

Need: Specific Family Types: Families at or below 50% of median

Strategy 1: Target available assistance to families at or below 50% of AMI

Select all that apply

- Employ admissions preferences aimed at families who are working
- Adopt rent policies to support and encourage work
- Other: (list below)
Provide preference to households in which at least one adult works a minimum of 35 hours in Santa Monica.

Need: Specific Family Types: The Elderly

Strategy 1: Target available assistance to the elderly:

Select all that apply

- Seek designation of public housing for the elderly
- Apply for special-purpose vouchers targeted to the elderly, should they become available
- Other: (list below)
Give preference to one and two person elderly families over singles.

Need: Specific Family Types: Families with Disabilities

Strategy 1: Target available assistance to Families with Disabilities:

Select all that apply

- Seek designation of public housing for families with disabilities
- Carry out the modifications needed in public housing based on the section 504 Needs Assessment for Public Housing
- Apply for special-purpose vouchers targeted to families with disabilities, should they become available
- Affirmatively market to local non-profit agencies that assist families with disabilities
- Other: (list below)
12% of vouchers are in the City's Shelter Plus Care program which requires that all participants be disabled and formerly homeless..

Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Select if applicable

- Affirmatively market to races/ethnicities shown to have disproportionate housing needs
- Other: (list below)
In Santa Monica only 25% of residents are non-white compared to 50% of PHA certificate/voucher holders.

Strategy 2: Conduct activities to affirmatively further fair housing

Select all that apply

- Counsel section 8 tenants as to location of units outside of areas of poverty or minority concentration and assist them to locate those units
- Market the section 8 program to owners outside of areas of poverty /minority concentrations (See Attachment 1 - GIS map for Distribution of Section 8 Housing)
- Other: (list below)

Other Housing Needs & Strategies: (list needs and strategies below)

(2) Reasons for Selecting Strategies

Of the factors listed below, select all that influenced the PHA's selection of the strategies it will pursue:

- Funding constraints
- Staffing constraints
- Limited availability of sites for assisted housing
- Extent to which particular housing needs are met by other organizations in the community
- Evidence of housing needs as demonstrated in the Consolidated Plan and other information available to the PHA
- Influence of the housing market on PHA programs
- Community priorities regarding housing assistance
- Results of consultation with local or state government
- Results of consultation with residents and the Resident Advisory Board
- Results of consultation with advocacy groups
- Other: (list below)

Our market based strategy reflects the effects of State mandated vacancy decontrol and a booming economy which have resulted in a rapid and on-going escalation in the cost of rents in Santa Monica.

- *Offer energy assistance resources for Section 8 tenants through agreements with utility companies including: weatherization services, appliance repair and replacement, utility discounts. Other: (list below)

The City of Santa Monica's FY 1998-2003 Housing Element Update also identifies the Section 8 program as integral to the City's efforts to preserve its affordable housing stock. The Housing Element's 1998-2003 Action Plan requires:

The development of programs to protect Section 8 tenants from contract opt outs. The City created the Tenant Assistance Rental Program (TARP) in June 1998 to assist Section 8 "opted-out" tenants and the Housing Authority continues to operate the program.

Take all necessary steps to increase the FMR so that Section 8 can offer market-based rents. The City received approval a second increased voucher payment standard ranging from 162% to 183% of the FMR.

The Housing Element also requires that the City develop a package of programs to encourage landlords to participate in the Section 8 program, including loans and/or grants for rehabilitation and improved tenant screening and support services. In addition, it continues to focus its social service efforts on community-based referrals for needed support services and has also enhanced its ability to screen new applicants for criminal activity.

1. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)

The Consolidated Plan The two top ranked Priority Needs in the Consolidated Plan are Housing Needs and Homeless Needs. The plan identifies the Section 8 program and Shelter Plus Care program as integral to meeting the affordable housing needs of low-income households and the City's homeless population.

The Consolidated Plan supports the Housing Authority's strategy of adapting the Section 8 program to the Costa-Hawkins market place. The timeframe covered in the FY 1995-2000 Consolidated Plan pre-dates the passage and implementation of Costa-Hawkins Rent Control legislation. Nevertheless, the two top ranked Priority Needs in the Consolidated Plan are Housing Needs and Homeless Needs. The plan identifies the Section 8 program and Shelter Plus Care program as integral to meeting the affordable housing needs of low-income households and the City's homeless population.

The City's efforts to secure and implement an enhanced voucher payment standard from HUD and its upcoming renewal application for the Shelter Plus Care program are current and on-going strategies targeted to the City's Housing and Homeless needs. The former strategy has allowed the Section 8 program to become competitive in the rental market place after 3 years of declining owner participation due to while HUD reduced the FMR and rents increased. The approval of higher Voucher Payment standards was essential and has allowed the Section 8 program to regain its foothold as a cornerstone program in the City's efforts to provide affordable housing to very low-income tenants.

The Shelter Plus Care program recently received HUD approval from for annual renewal. This has allowed the SPC program participants to retain their existing apartments. This has allowed the SPC program to retain its position as a cornerstone program in the City's efforts to provide affordable housing to homeless residents who are also disabled.
