ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

The mission of the Hernando County Housing authority is to provide, educate, organize, advocate and ensure the provisions of adequate affordable housing within strong viable communities for Hernando County citizens, particularly those with low to moderate incomes.

The Hernando County Housing Authority through its annual plan is putting forth its goals for the next year. Over the next year the Housing Authority will continue expand the supply of assisted and affordable housing by applying for additional funding, leveraging private or other public funds to create additional housing opportunities, continuing home ownership programs and providing financial incentives for developers of low to moderate multi-family housing. We hope to improve the quality of assisted housing through improving management policies and practices to allow better use of limited funding and increase the availability of housing locations and choices. Promote assisted households self-sufficiency through counseling for self-development, educational opportunities and job development and improvement skills.

Based on current information, the needs of additional affordable housing units range from a high of 4,009 units (based on the U.S. Census information) to a low of 472 units based on the Housing Authority's waiting list. Utilizing the U.S. Census information there are 1,144

families which have incomes under 30% of the Adjusted Monthly Income (AMI), 1,308 families with incomes between 30% and 50% of the AMI and 1,557 with incomes between 50% and less than 80% of the AMI. Of these, there are 1,094 elderly families in need of housing assistance.

To meet these needs the Housing Authority will continue to seek additional funding from all sources available to it and review its policies to ensure that it is utilizing current funding to its greatest extent. These actions will include maintaining 100% lease up of current funding, reviewing policies that affect lease-up including payment standards, marketing procedures and admissions policies. Additionally the Housing Authority will continue to apply for more assisted housing units should they become available either for general use or for targeted groups. The Housing Authority will also continue to utilize local and state resources to match private resources to increase the availability of affordable housing through home ownership and multi-family developments with mix incomes.

Under the Section 8 housing Choice Voucher Program the Housing Authority will continue to do background checks on all applicants and from time to time checks on existing tenants when deemed necessary to ensure that qualified eligible applicants and tenants are being assisted. Any information the Housing Authority acquires through this process will be shared with prospective and current landlords. The Housing Authority will continue accepting application on a first come first serve basis, based on the time and date of application. The Housing Authority will not utilize any additional preference for placement on the waiting list.

Additionally, the Housing Authority will continue to assist families to become self-sufficient through its' FSS Program. This program in cooperation with local social service providers, the Florida Department of Children and Families, the agency workforce Innovation (formerly the Department of Labor) and Pasco Hernando Community Collage share information regarding mutual clients in efforts to assist families in improving their educational, job, career and life opportunities.

The Housing Authority through the efforts out lined above believes it will be able to continue to provide quality housing and housing choices in the

most economical manner to the low to moderate income citizens of Hernando County.
