## ii. Executive Summary of the Annual PHA Plan

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Jackson Housing Commission is a medium PHMAP High-Performer agency located in Jackson County, Michigan. The JHC manages 553 units of public housing in seven developments and an existing Section 8 program of 377 clients.

The mission of the JHC is:

To assist low income families secure safe, decent and affordable housing; create opportunities for resident and participant families to achieve self sufficiency and economic independence; and assure fiscal and program integrity by all program participants.

To achieve the mission statement we will:

- Recognize public housing Residents and Section 8 program participant as our ultimate customer;
- Continually improve Commission management and service delivery efforts through program assessments and revision, and selection and professional development of highly skilled and results oriented personnel.
- Seek and maintain problem-solving partnerships with Resident and program participant families, community, and government leadership.
- Efficiently apply limited Commission resources to assure optimum program results.

The JHC will accomplish its mission ideals through its goals and objectives:

- 1. Providing decent, safe and affordable housing in our community.
- 2. Ensuring equal opportunity in housing for everyone
- 3. To provide timely response to resident request for maintenance problems.
- 4. To return vacated units with new resident in 20 days.
- 5. To continue to enforce our "One Strike" policies for resident and applicants.

6. To improve and/or maintain our financial stability through aggressive rent collections and improved reserve position.

The JHC's financial resources include an operating fund, capital fund, dwelling rental income and Section 8 Administrative fees which will be used to operate the agency in the most cost effective means possible and still provide the services and activities for its residents.

The JHC has assessed the housing needs of Jackson and surrounding Jackson County area and has determined that it is currently and will continue to meet the housing needs of the community to the extent practical for a very small agency. The JHC has approved a Deconcentration Policy and will utilize Local Preferences to attract and encourage applicants that can qualify for public housing. The JHC has determined that its housing strategy complies with the state of Michigan's Consolidated Plan

The JHC has updated and rewritten its Admissions and Continued Occupancy Plan, Dwelling Lease and Grievance procedures to comply with all QHWRA requirements. The JHC has established a minimum rent of \$25.00 and elected to recognize its flat and ceiling rents as synonymous and chosen to select the local Fair Market Rents (FMR) to determine its dollar value

The JHC has conducted a physical needs assessment to determine its modernization requirements and has developed an Annual and 5 year Action Plan to address its Capital Improvements.

The JHC has no plans to demolish or dispose of any of its properties. The JHC has jointly addressed with the local police department to develop safety and crime prevention that adequately meets the needs of its residents.

The JHC has developed an agency wide Pet Policy that allows any family to have a pet if they follow a set of rules.

The JHC has certified that it has and will continue to adhere to all Civil Rights requirements and will affirmatively further fair housing. In addition, the JHC has included a copy of its most recent fiscal year audit reports as part of the documentation made available for public review during the 45 days prior to submission of JHC's Agency Plan to HUD on January 16, 2001

Because the JHC is a PHMAP High-Performer, it was not required to respond to the following Annual Plan components.

Operations and Management Grievances Procedures Designation of Public Housing Conversion of Public Housing Homeownership Community Service Asset Management

## **Deconcentration Policy**

It is the policy of the Jackson Housing Commission JHC to house families in a manner that will prevent a concentration of poverty families and/or concentration of higher income families in any one development. The specific objective of the JHC is to house no less than 40% of its inventory with families that have income at or below 30% of the area median income by public housing development. Also the JHC will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. The JHC will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the JHC.

To accomplish the deconcentration goals the JHC will take the following actions:

- A. At the beginning of each fiscal year, the JHC will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous fiscal year.

### **Progress in meeting the 5-Year Plan Mission and Goals**

The JHC has been able to maintain its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment from discrimination through the utilization of FY 99/00 Capital funds and the proper application of our public housing policies.

We are continuing to address public housing vacancies very aggressively and our PHAS and SEMAP scores indicate that other operational issues are being positively addressed.

Capital funds have been utilized to provide modernization of our properties and our FY 2001 application will continue that effort.

JHC has implemented local preferences to improve the living environment by deconcentration, promoting income mixing, and improving security throughout our developments.

The JHC created and continues to facilitate self-sufficiency programs to improve resident employability as well as solicit support services for the elderly and families with disabilities.

We are confident that the JHC will be able to continue to meet and accommodate all our goals and objectives for FY 2001.
