Attachment G: Progress in meeting the 5-Year Plan Mission and Goals

The PHA has been able to maintain its mission to promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination through the utilization of FY 2000 Capital funds and the proper application of our public housing policies.

We are continuing to address public housing vacancies very aggressively and our PHAS scores indicate that other operational issues are being positively addressed.

Capital funds have been utilized to provide modernization of our property and our FY 2001 application will continue that effort.

PHA has implemented local preferences to improve the living environment in addition to our modernization efforts.

The implementation of a family pet policy has provided the opportunity for residents to enjoy pets within a regulated environment. In addition, PHA will implement a Community Service program beginning July 1, 2001 that has been discussed with residents and each adult member of every household has been notified of their responsibilities and the policy has been Board approved.

We are confident that the PHA will be able to continue to meet and accommodate all our goals and objectives for FY 2001.
