## **EXECUTIVE SUMMARY AND PROGRESS REPORT**

The Mississippi Regional Housing Authority administers approximately 2834 Section 8 certificates and 749 vouchers and 1774 units of Conventional Public Low Income Housing in 14 southern most counties of Mississippi. The administrative functions are departmentalized between six directors reporting and the Executive Director who reports to a 15-member Board of Commissioners. Department Directors are set up as follows:

Director of Conventional Housing  
Director of Section 8  
Director of Comprehensive Grant Program and Contracting  
Director of Maintenance  
Director of Accounting  
Director of Investigations

Region VIII is proud to state that it has achieved “High Performer” status under the PHMAP guidelines for the past three years and has also been given an “Excellence in Management” award by the local HUD office showing a commitment to family safety and services. We attribute these accomplishments through strong adherence to the following management practices, listed in order of importance; as well as an excellent Management Team. Region VIII’s by far second to none as the leaders in the State and Southeast Region by being innovative, creative and operating outside the scope to create additional housing opportunities for low income families.

1. Safety and Security for Families and Communities: Region VIII has an Investigations Department made up of four full time, highly trained former police officers who have successfully curtailed drug, gang and criminal activity in all Conventional sites. Aggressive enforcement of “One Strike” and “O tolerance” has been practiced before “One Strike” was conceived. Weed out the bad element, create a safe, healthy environment for the good families. And once again our families will feel safe, secure and changing the image of Public Housing from what it is perceived to be, to what it should be. Investigation has also developed a successful housing fraud and abuse detection program resulting in the repayment of thousands of dollars in overpaid subsidies in both the Section 8 and Conventional programs.

2. Strong Policies and Policy Enforcement: Policies, rules, regulations, and procedures are constantly reviewed, revised, updated and enforced. Residents, old and new, are constantly instructed on their responsibilities and are held responsible. Although Region VIII has a high rate of successful evictions for lease violations, we have developed four member Intervention Teams to work with, educate, instruct, provide social services, or to take the steps necessary to help the resident comply, and eviction only as last resort. Also all residents who wish to grieve any adverse action initiated by the Housing Authority, are given that right, as stated in all notices in accordance with the Authority’s Grievance Procedure.

3. Maintaining decent, safe and sanitary facilities and service to the Resident. Region VIII is well aware of its responsibility to maintain its units and considers its maintenance department as the backbone of a good Housing Authority. A well trained and well equipped maintenance department is the key and as a result this Authority has consistently achieved high PHMAP scores in emergency/routine work orders and unit turnaround. In addition, Housing Quality Standards, housekeeping, facilities and systems inspections are conducted routinely throughout the year.

4. Comprehensive Grant Program: A CGP plan for the eventual complete modernization of all Conventional housing units including, central air and heat, new electrical systems, new appliances, floors, walls, bathroom fixtures and tub surrounds, roofs and exterior upgrade. This plan has been in effect for at least three years and has already produced many positive results, for example, more desirable rental units that are competitive with the private market, instills a sense of pride among residents, a more positive environment to raise children, reduction in vacancy, reduction in maintenance repairs 185 units have been completed to date.

5. Conversion of Public Housing: It is the goal if MRHA VIII to convert all Public Housing within a period of 8-10 years to open market low income rental units.

This will serve Section 8 qualified families, site based assistance, or persons who may qualify as low income under HUD guidelines which establishes the income limits for the low income families.

6. MRHA VIII has already created 78 additional low income units through mixed financing:
  - 13- Single family dwellings which will be easily converted to home ownership.
  - 12- Unit- Apartment building which can easily compete with the private market.
  - 12- Unit- 1 bedroom apartment complex exclusively for the elderly and disabled.
  - 41- Unit- 2 & 3 bedroom unit Mobile Home Park for those who qualify as low income. In addition, MRHA VIII will issue bonds for new construction and will review tax credit options to further its commitment to serve the ever growing need for affordable housing.
7. Home ownership: MRHA VIII will review its current inventory of its housing stock and will consider the sale of some of its units under home ownership to its residents. In addition, MRHA VIII will provide counseling and insure their success not their failure.
8. Employment opportunities: To seek out and employ qualified residents for employment with MRHA VIII. To provide on the job training as well as offering technical training for maintenance personnel in order to provide opportunities for advancement in their perspective fields or job responsibilities.

#### **D. Other Information Required by HUD**

Use this section to provide any additional information requested by HUD.

## Attachment A

Use this section to provide any additional attachments referenced in the Plans.

### **ADMISSIONS POLICY FOR DECONCENTRATION (Taken from ACOP/TSAP)**

In compliance with the Quality Housing and Work Responsibility Act of 1998 Section 513 it is the goal of the Housing Authority to have a fair mix of families with varying incomes in each of the sites operated by the Housing Authority. This goal will be achieved by income mixing and offering incentives to higher income families.

Procedures:

A) Income mixing: To insure that there is no concentration of only very-low income families or higher income families in any one site, the following guidelines have been established.

1) In each fiscal year, at least 40% of families admitted to public housing will have incomes that do not exceed 30% of the median income for the area (extremely low).

2) Skipping of families on the waiting list is permissible in order to specifically reach another family with a lower or higher income. Families will only be skipped if the vacancy in question requires a lower or higher income renter to insure a fair mix of income in the sites.

B) Incentives: In order to make public housing a more viable choice for higher income families who may otherwise be uninterested or unable to afford to remain in public housing, the following incentives have been established:

1) This Housing Authority has recognized local preference: working families.

2) In order to make public housing more affordable for working persons, and to enable higher income families to remain in public housing, the Housing Authority has adopted maximum rent limits or flat/ceiling rents. The flat/ceiling rent amounts are based on the Section 8 fair market rents for the areas.

**Section 2: PHDEP Plan Goals and Budget**

**A. PHDEP Plan Summary**

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

Our goals are to provide opportunities that promote successful futures for our youth, lower the demand for drugs, and enhance economic self-sufficiency for tenants residing in public housing. We will contract the services of proven programs such as the YMCA and other consultants qualified to deliver services that will assist us in achieving our goals. A major goal will include the utilization of drug dogs as a “deterrent” agent at targeted sites. Monitoring will be provided jointly by the PHDEP Coordinator and a contracted evaluator. Periodic reviews and semi-annual reports will be conducted and forwarded to the Department of Housing and Urban Development. At the conclusion of the grant, a resident survey will be conducted to evaluate the effectiveness of the FY 2000 PHDEP grant allotment.
