[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Housing Authority of the City of Elizabeth should be considered as a successful authority in an urban environment. The Authority runs many different programs and initiatives designed to enhance the potentials and living accommodations of its residents. The cornerstone program is a 90 million-dollar HOPE VI program. Under HOPE VI 650 units of obsolete public housing will be demolished producing a new neighborhood of 580 townhouse structure type units. Additionally residents of the effected complexes will receive self-sufficiency classroom training and related supportive services.

The authority has five other complexes within its inventory, all of which have undergone substantial modernizational work, including 504 rehabilitation, during the past three years. Residents of these facilities are being exposed to employment opportunity, social service programs, including PHDEP and in-house senior citizens programs.

The Housing Authority has redesigned its internal operating procedures to coincide with the QHWRA including implementation of the flat rent/formula rent system.

#### C. Strategy for Addressing Needs

Provide a brief description of the PHA's strategy for addressing the housing needs of families in the jurisdiction and on the waiting list **IN THE UPCOMING YEAR**, and the Agency's reasons for choosing this strategy.

#### (1) Strategies

#### Need: Shortage of affordable housing for all eligible populations

## Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Select all that apply

- X Employ effective maintenance and management policies to minimize the number of public housing units off-line
- X Reduce turnover time for vacated public housing units
- X Reduce time to renovate public housing units
- Seek replacement of public housing units lost to the inventory through mixed finance development

| $\square$ | Seek replacement of public housing units lost to the inventory through section  |
|-----------|---|
|           | 8 replacement housing resources   |
| Х         | Maintain or increase section 8 lease-up rates by establishing payment standards that will enable families to rent throughout the jurisdiction |
| Х         | Undertake measures to ensure access to affordable housing among families  |
|           | assisted by the PHA, regardless of unit size required   |
|           | Maintain or increase section 8 lease-up rates by marketing the program to   |
|           | owners, particularly those outside of areas of minority and poverty   |
|           | concentration   |
|           | Maintain or increase section 8 lease-up rates by effectively screening Section 8  |
|           | applicants to increase owner acceptance of program  |
| Х         | Participate in the Consolidated Plan development process to ensure  |
|           | coordination with broader community strategies  |
|           | Other (list below)  |
|           |   |

## Strategy 2: Increase the number of affordable housing units by:

This summary should not exceed 5-10 sentences.

The staff and residents of the Housing Authority of the City of Elizabeth are taking a more holistic approach with our proposal for the Drug Elimination Program. We have worked together to develop a five year plan which has realistic and attainable goals with realistic and measurable outcomes. The Authority believes that drugs are a major barrier preventing residents to attain self-sufficiency but they are not the cause of the inability to attain selfsufficiency. On the contrary – the Authority believes that it is only through economic development and education that drugs will be eliminated in our community. The Authority, in partnership with the residents, have developed a plan which focuses on drug prevention through economic development including a youth training and employment program and linkage with local employers in tandem with the more traditional components such as supplementing educational and protection services. Documented below is a years' activities taken from the five year Drug Elimination Program application. Note that the budget amount will vary depending on the number of units decreased from HOPE VI activities.
