**ii. Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of major initiatives and discretionary policies the PHA has included in the Annual Plan.

The Thomasville Housing Authority has implemented the following initiatives and policies to further its mission "to promote adequate and affordable housing, economic opportunity, and a suitable living environment free from discrimination" for the needy residents of Thomasville: 1) a policy to deconcentrate poverty and income mixing, thereby bringing higher income residents to lower income developments and

bringing lower income residents to higher income developments; 2) a policy which allows residents to pay a flat rent to encourage those who are trying to become self-sufficient; and 3) a policy to assist families whom are unable to meet minimum rent requirements due to extreme hardships.

In addition to the new policies and initiatives outlined above, THA has had in place many other policies and implemented many initiatives which have been supportive of its mission including, the One Strike and You're Out policy, implementation of the FSS program, and collaboration with the local police department under the PHDEP program for on-site police protection. THA also has several initiatives in the planning phase that will continue to promote its goals and mission. These include the establishment of a public housing homeownership program which could be combined with a mixed-finance development in the next several years, the acquisition of more Section 8 Certificates/Vouchers to meet the needs of Thomasville residents, and the possible application for the Resident Opportunities and Self-Sufficiency Program.

The Thomasville Housing Authority has accurately outlined its plans for the next year in the following documents, however, because THA works closely with residents and local social service agencies to best meet the needs of its residents, the need may arise to implement unforeseen policies, programs and/or initiatives based on community and resident needs.

The State of North Carolina's 5-Year Consolidated Plan for 1996-2001 Annual Action Plan supports THA's PHA Plan through the identification of assisting "low income" renters earning 0-50% of Median Family Income as a "high" priority. Over 90% of THA's public housing applicants earn <30% of Median Family Income, placing them in the "extremely low" income category.

In addition, the State of North Carolina's Consolidated Plan and 2001 Annual Action Plan listed assisting non-homeless persons with special needs earning below 50% of

Median Family Income as a “high” priority. THA has 65 units, 14% of all public housing units designated for the elderly and disabled. In addition, Trinity East Apartments, although not designated for the elderly, are occupied by 60% elderly and disabled. The elderly and disabled are housed throughout other THA communities as needed. Over 20% of public housing and 15% of Section 8 applicants are elderly and disabled.

The State of NC is also responsible for distributing money from the following grant programs to increase affordable housing in NC in which the Thomasville Housing Authority or the City of Thomasville is eligible to apply:

## Resolution

### Resolution Amending The Thomasville Housing Authority Admissions and Continued Occupancy Policy (Deconcentration of Poverty Plan)

WHEREAS, the Housing Authority, due to recent legislation, is engaging in a review of its Admissions and Continued Occupancy Policy for the Low-Income Public Housing Program; and

WHEREAS, the following recommended changes to the existing Admissions and Continued Occupancy Policy of the Thomasville Housing Authority, referred to as Deconcentration of Poverty:

The Admissions and Continued Occupancy Policy of the Thomasville Housing Authority is hereby amended in the following respects, all of which are intended to implement statutory mandate to deconcentrate poverty and establish income targets for new admissions to public housing:

Part II, Section II, Eligibility for Admission (4) is amended to read as follows:

(4) With respect to selection of families to lease unit in the Public Housing program, selection will be in such a manner as to avoid concentration of the most economic and socially deprived families in one of all of the developments operated by the Housing Authority and to provide for income mixing by bringing higher income tenants into lower income public housing communities and bringing lower income tenants into higher income public housing communities.

The PHA shall categorize assisted tenants in all programs by income in one of the following groups:

Extremely Low Income - Not more than 30% of the area's median income

Very Low Income - More than 30% but not more than 50% of the area's median income

Lower Income - More than 50% but not more than 80% of the area's median income

Over Income - More than 80% of the area's median income

The area's median income shall be defined by HUD, adjusted for family size and is subject to periodic change.

The PHA shall categorize each applicant for assistance for all programs in the same manner as presented above.

Part II, Section II, Preference in Selection of Tenants (4) is amended to read as follows:

The PHA shall utilize information from these categories and other statistical information concerning income distribution in the PHA's area of operation as may be provided from time to time by the US Department of Housing and Urban Development (HUD) to develop goals designed to achieve the deconcentration and income mixing objectives stated herein and to remain consistent with Income targeting distribution percentages as required by HUD.

The PHA shall review these goals periodically and make appropriate adjustments as may be needed when income distributions in the locality change.

Staff responsible for selecting tenants for public housing assistance from the waiting list shall consider income distributions within the community where the unit exists and the goals for that community prior to selecting an applicant for occupancy first, then, shall select in accordance with prevalent preferences established by the Housing Authority.

NOW, THEREFORE BE IT RESOLVED by the Board of Commissioners of the Thomasville Housing Authority, that the approved change to the Admissions and Continued Occupancy Policy is hereby approved for implementation.

This resolution shall be effective as of the date its adoption.

\_\_\_\_\_ moved that the Resolution be adopted as introduced and read. The motion was seconded by \_\_\_\_\_ and, upon a vote, \_\_\_\_\_ voted in favor of the motion.

The Chairman then declared the Resolution adopted as read.

## **Implementation of Public Housing Resident Community Service Requirements**

Thomasville Housing Authority (THA) has specified Community Service and Self-Sufficiency Activity requirements in an addendum to the lease and in the Community Service and Self-Sufficiency Requirement policy in response to Community Service requirements in the 1998 Quality Housing and Work Responsibility Act. THA's general policy statement states:

“All residents who are 18 years of age and older who are not exempt under the exemptions defined in CFR Part 960.6 shall be required to perform eight (8) hours of community service each month. This service can be provided at any local community, civic, or charitable organization. The selection of type and location of community service to be provided is totally left to the discretion of the resident. Residents may choose to enroll in a self-sufficiency program in lieu of performing the required eight (8) hours service. Any resident failing to comply with the requirements of the Community Service and Self-Sufficiency Policy is subject to denial to renew lease at annual recertification.”

THA's policy goes on further to define the following terms: community service, exempt individual, service requirement, and economic self-sufficiency program. THA will administer and monitor compliance of the Community Service and Self-Sufficiency policy through the FSS program and will notify all residents in writing of the requirement and will include an addendum to the lease for residents. Furthermore, residents will be notified about their compliance in writing with the annual recertification packages. Residents will be required to complete a request for exemption form in order to establish exemption and are required to report any change in status between annual recertifications so the housing authority may make a determination of exemption or nonexemption. Residents are required to report and certify their compliance with the requirement between 60-90 days of recertification. If noncompliance is determined the housing authority can refuse to renew the lease and can begin eviction proceedings. However, residents will have the opportunity to remedy the failure to comply by meeting two specified conditions: noncompliant eligible family members must enter into agreement with the housing authority to remedy noncompliance and that all eligible family members are complying with requirement or are no longer living at residence. All residents have the opportunity for a grievance hearing upon request in writing to the housing authority as it relates to this requirement.

The lease addendum describes specifically the resident responsibilities, family obligations and exemptions from requirement and must be signed by the head of household, spouse (if applicable), and a housing representative.

### **Summary of Pet Policy**

THA is implementing a Pet Policy as directed by 24 CFR Part 960, issued by the Department of Housing and Urban Development. This policy does not apply to animals used to assist persons with disabilities. THA's policy permits residents to own pets after requesting approval by completing the Authorization for Pet Ownership form and receiving approval from the housing authority. In order to receive approval, residents must abide by the following conditions and agreements:

- residents must provide a picture of the pet to the housing authority so it can be identified if running loose and
- residents must comply with all local laws concerning pets.

THA limits the number and type of animals that can be accepted: only common household animals including dogs, cats, birds, rodents, fish and turtles are allowed and the number of animals per unit is 1 pet per unit. All cats and dogs are required to be spayed or neutered before they become 6 months old, a licensed veterinarian must certify this. A veterinarian must also certify annually that the animals receive proper inoculations including rabies, distemper and all other inoculations required by local and state law. All dogs must wear a tag with resident's name and phone number and date of last rabies inoculation. No animal deemed potentially harmful to the health or safety of others, including fight dogs, is allowed. Animals must weigh no more than 20 pounds at full adult size.

Residents are required to pay \$200.00 deposit for each animal, which will be returned at termination of lease less any amount owed due to damage beyond normal wear and tear. Residents are financially responsible for any damage caused by their pets and any pet-related pest infestation. Pet owners are fully responsible for liability arising from injury sustained by a pet.

Pet owners are responsible for any nuisance or threat to health or safety their pet may cause including: odors, unsanitary conditions, noise, and animal waste. Pet owners are responsible for the physical safety of housing authority employees when entering the unit while conducting housing authority business. Violation of any of these conditions may require the owner to get rid of the pet. Grievance procedures are in place concerning disputes regarding this policy.

Pets are required to be kept in owner's apartment or on a leash at all times when outside. Pets are only allowed in designated areas, if housing authority designates areas. Pet owner must clean up pet waste. No animals, except assistant animals are allowed in housing authority buildings other than the units of approved pet owners. To accommodate residents with allergies, some wings or floors of buildings may be "pet free."

**D. Executive Summary of Annual PHDEP Plan**

In the space below, provide a brief overview of the PHDEP Plan, including highlights of major initiatives or activities undertaken. It may include a description of the expected outcomes. The summary must not be more than five (5) sentences long

In 1993, Thomasville Housing Authority (THA) in coordination with its residents, local human service agencies and the local police department implemented a comprehensive drug elimination program that includes community

policing, programs to reduce the use of drugs, and resident participation. THA follows the principles of the Department of Justice's Weed and Seed program. THA "weeds" out crime through community policing measures and stringent management practices and "seeds" in positive alternatives to the drug culture through the support of programs such as the Salvation Army Boys and Girls Club, the ABCDE Institute, and the Family Resource Center. With continued support from its partners, THA anticipates meeting THA's 5-Year goals as outlined in the FY 1999 PHDEP grant application: to reduce drug-related activity as measured by arrests and calls for service and to reduce the demand for drugs by increasing participation in positive, anti-drug activities.

**E. Target Areas**

Complete the following table by indicating each PHDEP Target Area (development or site where activities will be conducted), the total number of units in each PHDEP Target Area, and the total number of individuals expected to participate in PHDEP sponsored activities in each Target Area.

**Section 2: PHDEP Plan Goals and Budget**

**A. PHDEP Plan Summary**

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

THA, in coordination with its residents; local human service agencies including the Boys and Girls Club, ABCDE Institute, Boy Scouts of America and Family Resource Center; and the Thomasville Police Department are working together to reduce crime in public housing by reducing the use of drugs and providing positive alternatives to drug use. The Thomasville Police Department provides on-site community policing services to ensure visibility to discourage crime, to ensure prompt service and to develop cooperative relationships with residents. The local human service agencies mentioned above provide a variety of positive, anti-drug programming for residents of all ages. The Boys and Girls Club, located in James Avenue, provides a variety of activities for youth including drug-resistance programs, life skills programs, community awareness campaigns, and other recreational activities. The Club also provides a summer day camp, golf, swimming and the Smart Moves program to help teenagers deal with peer pressure. The ABCDE Institute provides instruction and education for youth geared toward helping them handle life’s challenges and to develop a positive self-image and leadership skills. Boy Scouts help young men develop self-esteem and leadership skills. The Family Resource Center provides referral and assistance in accessing resources and family support services to THA families. The goal of THA’s PHDEP is to reduce drug-related criminal activity and the demand for drugs through the above mentioned strategies. THA will monitor progress by maintaining and evaluating criminal statistics including criminal arrests, drug arrests, calls for service; by maintaining statistics on participation in programs and activities and by performing a yearly survey to determine resident perceptions of crime.
