1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by

completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

ATTACHMENT A – DECONCENTRATION POLICY

10.4 DECONCENTRATION POLICY

It is Gallatin Housing Authority's policy to provide for deconcentration of poverty and encourage income mixing by bringing higher income families into lower income developments and lower income families into higher income developments. Toward this end, we will skip families on the waiting list to reach other families with a lower or higher income. We will accomplish this in a uniform and non-discriminating manner.

The Gallatin Housing Authority will affirmatively market our housing to all eligible income groups. Lower income residents will not be steered toward lower income developments and higher income people will not be steered toward higher income developments.

Prior to the beginning of each fiscal year, we will analyze the income levels of families residing in each of our developments, the income levels of census tracts in which our developments are located, and the income levels of the families on the waiting list. Based on this analysis, we will determine the level of marketing strategies and deconcentration incentives to implement.

10.5 DECONCENTRATION INCENTIVES

The Gallatin Housing Authority may offer one or more incentives to encourage applicant families whose income classification would help to meet the deconcentration goals of a particular development.

Various incentives may be used at different times, or under different conditions, but will always be provided in a consistent and nondiscriminatory manner.

In the space below, provide a brief overview of the PHDEP Plan, including highlights of major initiatives or activities undertaken. It may include a description of the expected outcomes. The summary must not be more than five (5) sentences long

Gallatin Housing Authority has proposed a comprehensive combination of community awareness and drug prevention programs for FY 2001 funding. A portion of the grant funds will be used to continue the Voluntary Tenant Patrol program and increase its volunteer base and resident awareness. Funding will also allow us to provide a wide variety drug prevention programs, coordinated by a full-time Resident Services Coordinator, which will include: Scouting, summer camp, computer assisted learning programs, sports, senior citizens programs and other various recreational activities. A full-time Teacher/Tutor will oversee the after-school tutoring programs. All of these activities are aimed at providing positive alternatives to a life on the streets and a GHA shuttle will be available for any residents unable to get to these programs using their own resources.

E. Target Areas

Complete the following table by indicating each PHDEP Target Area (development or site where activities will be conducted), the total number of units in each PHDEP Target Area, and the total number of individuals expected to participate in PHDEP sponsored activities in each Target Area.

ATTACHMENT G – STATEMENT OF PROGRESS IN MEETING THE 5-YEAR PLAN MISSION AND GOALS

STATEMENT OF PROGRESS

Gallatin Housing Authority continues to track the goals and objectives enumerated in its 5-year plan as implemented through its Annual Plan. Milestones set forth under plan objectives continue to appear reasonable in light of progress made to date both as that progress pertains to physical improvements and as that progress pertains to resident empowerment. A potentially troublesome matter revolves around PHRA's Community Service requirement. Although this Agency has a large number of residents that are community service eligible, <u>few</u> have elected to participate, despite indoctrination into programmatic requirements and their realization that failure to participate jeopardizes their continued occupancy in Agency housing. Emphasis will be focused on re-communicating service requirements to program eligible residents.
