# ii. Executive Summary of the Annual PHA Plan

#### [24 CFR Part 903.7 9 (r)]

Provide a brief overview of the information in the Annual Plan, including highlights of majorinitiatives and discretionary policies the PHA has included in the Annual Plan.

- 1. The Admissions and Continued Occupancy Policy (ACOP) and Lease have been revised to comply with the de-concentration and income mix requirements; thereby, encouraging higher income families in the developments. Although the Housing Authority has provided incentives for higher income families, based on the projections of extremely low income and very low income families in Lawrence County, the emphasis will continue to house families in these income levels
- 2. The revised ACOP permits police officers to reside in Public Housing developments determined to require additional security and/or designated as highcrime areas by the PHA. Police Officers will be assessed a minimum rent andwill be required to pay utilities.
- 3. The ACOP and Lease have been revised to include the Community Service requirements of the residents. The existing Housing Authority staff will implement and administer the program.
- 4. The Housing Authority is meeting the income targeting mix requirement of the Regulations and Law for all of its developments.
- 5. De-concentration procedures were implemented at TN048009 during the last fiscal year and the income of the development now falls within the income thresholds.
- 6. In accordance with HUD's Final Regulations concerning the development and implementation of the Agency Plans, the PHA will implement deconcentration procedures at Housing Developments TN048-002. These procedures will include a variety of activities and may include skipping of applicants on the waiting list. All other developments have average incomes that fall within the high and low income development thresholds.
- 7. The Housing Authority will implement procedures to deconcentrate the racial composition at Development TN048-008.
- 8. The Housing Authority has established Ceiling Rents and will continue to use the existing ceiling rents
- 9. The Housing Authority will continue to be involved in activities to provide greater economic self-sufficient through the State of Tennessee "Families First" welfare to work

reform and have a successful Family Self-sufficiency Program at Housing Development TN048-009.

- 10. The Housing Authority has a Resident on the Board of Commissioners that provides for resident participation. The Resident will continue to be appointed by the Mayor. The Resident Board member is not elected. In addition, the Housing Authority has established a Resident Advisory Board that has been involved in the development of the Agency Plans.
- 11. The Resident Advisory Board also serves as review panel for the determination of the type of pets that may be allowed in the developments in accordance with the Pet Policy adopted by the Board of Commissioners.
- 12. The Housing Authority is providing decent, safe, and sanitary housingthrough the effective and efficient utilization of the CGP funds. Since HUD funding for the capital improvements program was not provided until July 2000, the Housing Authority has been unable to implement the activities of the FY 2000 Agency Plan.
- 13. The Housing Authority will continue utilization of a pest control contractor to reduce and eliminate pests, including cockroaches.
- 14. The Housing Authority has a HUD funded Drug Elimination Program that promotes crime prevention through a partnership with the local law enforcement agency. The Housing Authority has been unable to implement the activities of the FY 2000 Drug Elimination Plan since HUD funding was not provided until July 2000.

# **<u>1. Statement of Housing Needs</u>**

[24 CFR Part 903.7 9 (a)]

## A. Housing Needs of Families in the Jurisdiction/s Served by the PHA

Based upon the information contained in the Consolidated Plan/s applicable to the jurisdiction, and/or other data available to the PHA, provide a statement of the housing needs in the jurisdiction by completing the following table. In the "Overall" Needs column, provide the estimated number of renter families that have housing needs. For the remaining characteristics, rate the impact of that factor on the housing needs for each family type, from 1 to 5, with 1 being "no impact" and 5 being "severe impact." Use N/A to indicate that no information is available upon which the PHA can make this assessment.

Select all that apply

$\boxtimes$	Employ effective maintenance and management policies to minimize the
	number of public housing units off-line
	Reduce turnover time for vacated public housing units
	Reduce time to renovate public housing units
	Seek replacement of public housing units lost to the inventory through mixed
	finance development
	Seek replacement of public housing units lost to the inventory through section
	8 replacement housing resources
	Maintain or increase section 8 lease-up rates by establishing payment standards
	that will enable families to rent throughout the jurisdiction
	Undertake measures to ensure access to affordable housing among families
	assisted by the PHA, regardless of unit size required
	Maintain or increase section 8 lease-up rates by marketing the program to
	owners, particularly those outside of areas of minority and poverty
	concentration
	Maintain or increase section 8 lease-up rates by effectively screening Section 8
	applicants to increase owner acceptance of program
$\boxtimes$	Participate in the Consolidated Plan development process to ensure
	coordination with broader community strategies
	Other (list below)

# Strategy 2: Increase the number of affordable housing units by:

Select all that apply

Apply for additional section 8 units should they become available Leverage affordable housing resources in the community through the creation of mixed - finance housing Pursue housing resources other than public housing or Section 8 tenantbased assistance.

- 3. The Consolidated Plan of the jurisdiction supports the PHA Plan with the following actions and commitments: (describe below)
  - State of Tennessee has reviewed the PHA Plans and has found them to be consistent with the State of Tennessee 2000 Consolidated Plan.

## D. Other Information Required by HUD

Use this section to provide any additional information requested by HUD. Definition of "Substantial Deviation" and/or "Significant Amendment or Modification."

The Lawrenceburg Housing Authority will consider a "Substantial Deviation" to be a change in the Mission, Goals, and Objætives of the PHA Plans that is duly determined by the Board of Commissioners and the Resident Advisory Board to be a deviation from the latest approved PHA Plans. If the Board of Commissioners and the Resident Advisory Board consider the change(s) in the Mission, Goals, and Objectives to be substantial, in their determination the Plans will be submitted to HUD for review and approval.

In addition, if there is a change in funding of greater than 20 percent of the Operating Budget and/or the Capital Fund amount, this will be considered an amendment/modification to the Plans, except for emergencies that are beyond the control of the PHA. If the item/activity is included in the 5-year Capital Improvement Program, it will not be considered a significant change although the cost may exceed the 20 percent threshold; therefore, not requiring HUD review and approval.

# **Attachments**

Use this section to provide any additional attachments referenced in the Plans.

# **DECONCENTRATION POLICY:**

The objective of the De-concentration Rule for public housing units is to ensure that families are housed in a manner that will prevent concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the PHA is to house no less than 40% of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also, the PHA will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the PHA does not concentrate families with higher income levels, it is the goal of the PHA not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The PHA will track the status of family income, by development, on a monthly basis by utilizing income date maintained by the PHA. To accomplish the de-concentration goals, the PHA will take the following actions:

- 1. At the beginning of each PHA fiscal year, the PHA will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous PHA fiscal year.
- 2. To accomplish the goals of:
  - Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median income; and
  - Not housing families with incomes that exceed 30% of the area median income in developments that have 60% or more of the total household living in the development with incomes that exceed 30% of the area median income, in accordance with the incentives reflected in the PHA's ACOP.

# 14. **<u>PET POLICY</u>**: (Lawrenceburg HA Agency Plan)

The Lawrenceburg Housing Authority Board of Commissioners adopted a Pet Policy September 21, 1999. The effective date of the policy was October 1, 1999 with the following requirements contained therein:

- (a) Definition of pets permitted in developments.
- (b) Maximum number of pets (1).
- (c) Requirements of neutering, spaying, proof of immunizations, and restrictions of vicious animals.
- (d) Responsibilities and control of pets by residents and other requirements of ownership of a pet within the developments.
- (e) Charges for damages.
- (f) Leash requirements.
- (g) PHA's responsibilities.

Each family is required to sign a copy of the pet policy stating they have read and understand the policy and agree to abide by the provisions.

The Resident Advisory Board serves as an advisory Board concerning pets that are not covered in the established policy. The procedure has worked well for the Housing Authority

## LAWRENCEBURG HOUSING AUTHORITY'S RESIDENT SERVICES AND SATISFACTION FOLLOW-UP PLAN

## Attachment tn048a02

## January 1, 2001-2002

In Fiscal Year 2000, the HUD Real Estate Assessment Center (REAC) conducted a Resident Services and Satisfaction Survey of the esidents of the Lawrenceburg Housing Authority, TN048. As a result of the Survey of the residents, the Housing Authority is required to prepare a Resident Satisfaction Follow-up Plan for two (2) of the five (5) Sections/Factors reflected in the Survey.

The two Sections/Factors that the Housing Authority received the lowest scores were Safety with a score of 61.7 percent and Neighborhood Appearance with a score of 71.4 percent. These scores were based on the survey being sent to 139 of the 303 residents (45.9 percent of the total residents) and a response of only 67 residents of the 139 surveyed or 48.2 percent. These 67 residents, however, only represent 22.1 percent of the total families of the Housing Authority.

The following is an evaluation of the various scores of the survey for Safety and Neighborhood Appearance:

## SAFETY:

Based on the resident survey results, there were eight concerns of the residents under the Safety Section/Factor that was below 80 percent. All other questions received scores ranging from 82.1 percent to 91.0 percent. The areas below 80 percent (although the Housing Authority does not know what developments may have been effected since HUD could not provide the information by development) were as follows:

1. Generally, the residents reported that they feel safe in their unit/building. However, they did not particular feel safe in the parking areas with a score of 57.8 percent. The scores for feeling safe in their unit was 75.4 and 75.9 in their building.

- 2. The residents think that bad lighting, broken locks, and police do not respond contribute to crime in their development. Broken locks received the lowest score with a 53.7 percent while bad lighting and police do not respond received 67.2 and 70.1 percent, respectively.
- 3. The residents reported they did not believe management took actions when residents break the rules with a score of 59.5 percent.
- 4. Residents also reported that they were not aware of crime prevention programs that can be used with a score of 44.4 percent.

## **NEIGHBORHOOD APPEARANCE:**

Based on the resident survey results, the concerns of the residents under the Neighborhood Appearance Section/Factor, although the Housing Authority does not know what developments may be effected since HUD did not provide the information by development, were as follows:

- 1. The residents believed that the upkeep of the various areas identified in the survey could be improved. The parking areas and the recreation areas had the lowest scores with 57.9 percent for the parking areas and 59.9 percent for the recreation areas. The upkeep of the common areas and exterior of the buildings received scores of 70.5 percent and 70.3 percent, respectively.
- 2. Of the seven- (7) areas identified under Neighborhood Appearance in the survey as concerns to the residents, trash/litter and noise received the lowest scores with trash/litter receiving a score of 54.9 percent and noise receiving a score of 63.5 percent. Rodents and insects in the units were identified as a concern with a score of 69.0 percent. They also believed that the broken glass in the developments was a slight problem with a score of 77.3 percent.

The remaining factors under this Section received scores ranging from 87.3 percent to 92.6 percent.

## **PLAN ACTIONS:**

In an attempt to improve the Resident Services and Satisfaction concerns of the residents, the following actions will be implemented before and during the coming Fiscal Year as the Housing Authority's Resident Services and Satisfaction Follow-up Plan:

## SAFETY:

- 1. The Housing Authority will hold meetings and discuss the concerns of the residents before submission of the Public Housing Agency Plans.
- 2. In order to improve the concerns of safety in the parking areas, the Housing Authority will evaluate the lighting around the parking areas to determine whether additional lighting is needed and incorporate the needed improvement into the Capital Fund program. Poor lighting was also identified as a factor that attributes to crime.
- 3. Since broken locks were identified as a concern of the residents that attributes to crime, the Housing Authority will inspect and evaluate the broken lock situation to determine if this should be incorporated into the Capital Fund program.
- 4. The Housing Authority's Management will evaluate the process of dealing with residents who break the rules and regulations and maintain a record of the actions taken to solve the problems. In many cases, the residents are not aware if another resident has broken the rules and/or what actions management has taken to resolve the problem or issue.
- 5. The Housing Authority has little impact on whether the police respond to a call. However, the Housing Authority has two police officers under the Drug Elimination program which show that the Housing Authority is serious about reducing criminal activities in the developments.
- 6. The Housing Authority will meet with the local law enforcement agencies to determine what programs are available to the residents and establish meetings in the developments to better inform the residents of the programs. In addition, the Housing Authority through its Newsletter and/or a Flyer will identify various crime prevention programs and ideas that the residents can use.

## **NEIGHBORHOOD APPEARANCE:**

1. The Housing Authority will hold meetings and discuss the concerns of the residents before submission of the Public Housing Agency Plans.

- 2. The Housing Authority may implement the stipend program for any resident that wishes to participate in the upkeep of the developments. This will provide an incentive for the residents to keep the development free of trash and broken glass. In addition the Housing Authority may use the Community Service program to assist if the activity is not in the PHA employee job description.
- 3. The Housing Authority will determine the locations of the parking areas where improvements are needed and include in the Capital Fund program.
- 4. The Housing Authority will evaluate the implementation of the current pest control contract to determine its effectiveness. If improvements are not seen, the contract will be terminated and another pest control contract will be solicited.
- 5. Noise was identified as a concern but the Housing Authority is not aware of what type of noise the residents are concerned with. The noise could be automobiles, other residents, and/or the general public. Without knowing the specifics of the concerns and the developments, it is difficult to determine what actions can be undertaken to resolve the concerns.

These activities outlined above will be documented and summarized in he next year Agency Plan.

#### Section 4: Certifications

A comprehensive certification of compliance with respect to the PHDEP Plan submission is included in the "PHA Certifications of Compliance with the PHA Plan and Related Regulations."

## **Community Service Implementation:** Attachment tn048a04

It is estimated that the Housing Authority will have approximately 15 residents that will need to undertake Community Service activities for the eight (8)hours per month. The Housing Authority will administer the program with their existing staff. It is expected that the Drug Elimination/Resident Coordinator will implement and oversee the program. The Housing Authority will identify community agencies (provide a list of activities) that will participate in the program. In addition, the Housing Authority will allow the residents to identify other community service activities but before the resident begins the activities the Housing Authority must give approval.

On a monthly basis, the Housing Authority will review and evaluate the Housing Authority's rent roll to determine which residents are required to participate in the community service activities. Once a resident has been determine to participate in the community service activities, the Housing Authority will notify the resident in question and the head of household of the requirements of the individual. The community service requirements have been included in the revised ACOP and Lease that also allows for the individual to request a grievance.

The Community Service program requirements have been discussed with the Board of Commissioners and the Resident Advisory Board.

Self-sufficiency Program:

The Lawrenceburg Housing Authority has an agreement with the TANF Agency. However, the agreement is not a formal written agreement. The two agencies share information regarding mutual clients. This is provided through a computer hook-up.

The Housing Authority has implemented the following discretionary policies to enhance economic self-sufficiency of residents:

- 1. Establishment of flat/ceiling rents.
- 2. One month free rent.
- 3. Preference for families working.
- 4. Income disregard for non-working residents.

The Housing Authority also encourages residents to participate in the State's "Families First" welfare to work program that encourages employment and training. The Housing Authority has 28 families participating in the program. The Lawrenceburg Housing Authority also has an existing Family Selfsufficiency (FSS) Program for Housing Development TN048-009. As indicated in the Statement of Needs and Income Mix narrative, the program has been relatively successful since this Development has had the highest income level of all the developments. The Program began in FY 1996 with 17 participates. At the present time, there are still 17 families participating in this FSS program.

## Lawrenceburg HA Progress Review

## Attachment tn048a07

In order to improve the PHAS score on identified physical inspection deficiencies, corrections and improvements are being made where applicable and are identified in the capital fund budget.

The Lawrenceburg Housing Authority has responded to the Resident Services and Satisfaction Survey (attachment tn048a02) identifying efforts to increase customer satisfaction within the developments.

Capital improvement activities identified in the FY 2000 Agency Plan have not been totally implemented since HUD did not notify and provide the funding until July 2000, seven months after approval of the FY Agency Plan.

The Housing Authority is meeting the income targeting mix requirement of he Regulations and Law for all of its developments. Deconcentration procedures were implemented at TN048-009 during the last fiscal year and the income of the development now falls within the income thresholds.

In accordance with HUD's Final Regulations concerning the development and implementation of the Agency Plans, the PHA will implement deconcentration procedures at Housing Developments TN048-002. These procedures will include a variety of activities and may include skipping of applicants on the waiting list. All other developments have average incomes that fall within the high and low income development thresholds. The Housing Authority will implement procedures to de-concentrate the racial composition at Development TN048-008.

Implementation of security requirements is addressed in the capital fund program and PHDEP (attachment tn048a03).

The Admissions and Continued Occupancy Policy (ACOP) and Lease have been revised to comply with the de-concentration and income mix requirements; thereby, encouraging higher income families in the developments. Although the Housing Authority has provided incentives for higher income families, based on the projections of extremely low income and very low income families in Lawrence County, the emphasis will continue to house families in these income levels.

Based on the PHA's waiting list the goals to ensure equal opportunity in Housing for all Americans are being met.
