## **ATTACHMENT F : Comments of Resident Advisory Board/Explanation**

The only comment or question raised by any member of the Resident Advisory Board was a suggestion/request from one resident about installing additional shelves in the pantry located in the kitchen area of the apartments. This was discussed by the Board of Commissioners, Executive Director and two residents who attended both the public meeting and the Board meeting following the public meeting which were conducted on October 15, 2000. The Executive Director related to the Board that she had considered this activity in the past, but the cost of doing so for all the 60 units was estimated conservatively at \$25,000 – 30,000, an estimate echoed by one of the residents attending who had experience in the trade. The Board arrived at the conclusion that the idea had its merits, but that it was a convenience for the residents, not a necessity or other essential activity, and that to expend approximately one-fourth of one year's grant funds for this kind of item was not a responsible approach to apportionment of the funding. The Board instructed Ms. Gipson that she could continue to consider this activity for future programs and/or alternate concepts for expanding the usefulness of the pantry and also approved the Executive Director's idea of surveying or polling current residents to determine if this request would be one supported by more than just a few residents. The Board indicated that it would give further consideration after this survey/poll was completed, but not change the PHA Plans 2001 to incorporate this additional activity.
