1. Amendment and Deviation Definitions

24 CFR Part 903.7(r)

PHAs are required to define and adopt their own standards of substantial deviation from the 5-year Plan and Significant Amendment to the Annual Plan. The definition of significant amendment is important because it defines when the PHA will subject a change to the policies or activities described in the Annual Plan to full public hearing and HUD review before implementation.

A. Substantial Deviation from the 5-year Plan: Each capital item shall be entered into an approved budget line item. Upon implementation, should the item fall over budgeted amounts, fungibility will be exercised upon approval from HUD. Emergency work items affecting health and safety of tenants or staff will take precedence over non-emergency work items and long-term functional items will take precedence over aesthetic amenities. Young versus Martinez mandates shall take precedence over non-emergency work items.

B. Significant Amendment or Modification to the Annual Plan: Should the need arise to amend or add policies, the JHA shall notify tenants, publish it's intention as required by local, state and federal law, open item for public comment, and present item to Board of

Commissioners for review and approval. Should the need arise to amend capital items, JHA shall contact HUD to request fungibility among line items.
