# Annual PHA Plan PHA Fiscal Year 2001 [24 CFR Part 903.7]

# Annual Plan Type:

Streamlined Plan: High Performing PHA

# **Executive Summary of the Annual PHA Plan**

[24 CFR Part 903.7 9 (r)]

The Beaumont Housing Authority (BHA) has developed a Five-Year/Annual Plan in consultation with local government officials and residents of BHA developments to meet low-income housing needs and to provide resident programs and services. This document presents the results of measuring goals and objectives for a better quality of life for public housing residents in Beaumont, Texas.

The BHA Five-Year Plan for Fiscal Year 2001 - 2005 general scope of work can be described as the overall mission of the authority: to ensure the provision of affordable housing opportunities to include communities for lower income households.

The primary purpose of this Annual Plan is to evaluate and analyze quantitative goals and objectives. This plan addresses the specific initiatives planned by BHA to achieve HUD's Strategic Goals: to increase housing availability, quality, and choice; to improve community quality of life and economic vitality; to promote self sufficiency and asset development of families and individuals; and to ensure equal opportunity in housing.

The Annual Plan for Fiscal Year 2001 will be used as the primary source for setting benchmarks for management and operational practices. The Annual Plan also outlines use of modernization funds for construction improvement throughout the BHA to increase housing stock.

Given the type, quality, and affordability of the local housing stock, BHA residents rely on the housing authority to subsidize their housing costs and provide low cost housing options. Because of their limited income, these residents look to BHA for a decent place to live at a rent they can afford. BHA also provides facilities and other resources to public and private agencies offering resident supportive services, health care, education, recreation, child development, employment, public assistance and counseling.

| 9) | TX023-009- Homeownership Prog   | gram 54 |        | Family           |

BHA manages approximately 700 public and scattered site units. The following table explains BHA targeted developments to benefit from Five-Year/Annual Plan benchmarks:

During FY2001, BHA plans to expand the supply of assisted housing through acquisition of rental properties in non-impacted. This will decrease the affordable rental housing vacancy rate by 1% in the targeted areas authority-wide, and provide viable housing options for class members.

The BHA further intends to increase the number of working families residing in public housing units. Currently, only 40% of the 446 (178) families are employed. By 2002, the Authority plans to increase to 60%. BHA will create a work experience development program in conjunction with the Texas Department of Human Services that develop residents' employment skills in a volunteer setting.

Also, over the next five years, the Housing Authority will implement a new first-time homeownership program. Qualified families will be provided extensive counseling. They will also receive guidance in securing a down payment and financing. BHA will increase resident participation in this program this year.

# 1. Statement of Housing Needs

[24 CFR Part 903.7 9 (a)]

#### Need for Affordable Housing in the Community

The 1990 Census reported 49,021 total housing units in the City of Beaumont. The low costs of owning a home in Beaumont lead to a high proportion of owner occupied single family homes. Owner occupied units comprise 60% of the occupied units, while renter occupied units comprise 40% of such units. Overall, 74% of the housing units in Beaumont are single unit detached or attached, while 11% are in complexes with ten or more units.

Occupancy rates are generally fairly high for rental properties. A 1999 Jefferson County Market Assessment conducted by PwC on behalf of HUD, reports a vacancy rate of approximately 2.0% for local rental properties. From 1985 to 1996 in the City of Beaumont, there was only one apartment complex of significant size constructed. Most of the newly constructed housing is only for those in the middle to high-income range. This tight rental market for low income families has led to a large demand for BHA services among Beaumont's low income families.

There are fewer and fewer houses on the existing market that are both suitable and affordable for low and moderate-income persons. Of the 49,021 housing units in Beaumont, 75% were built prior to 1979. Many of the older units have deteriorated, leaving fewer adequate structures available for rent. It is estimated that approximately 20% of both rental and owner occupied units are substandard and in need of rehabilitation.

Zoning is also an obstacle to housing choice and development opportunities. The majority of the western portion of the City is zoned residential single-family, and protected from higher density residential development and from the encroachment of incompatible uses. Much of the property on the less developed east side is zoned Residential Multi-family High density (RM-H), General Commercial Multi-family (GC-MD), Light Industrial (LI), and Heavy Industrial (HI). (Reported by the City of Beaumont Planning and Zoning Department). Many of the more affordable properties in the city are not zoned for residential uses.

BHA is providing only .05% of the 49,021 housing units in Beaumont. The Beaumont Housing Authority operates the following housing programs:

| Program                           | Units |
|-----------------------------------|-------|
| Low-rent housing                  | 724   |
| Section 8 Existing and Vouchers   | 1,821 |
| Section 8 Moderate Rehabilitation | 138   |
| Section 8 New Construction        | 150   |
| Total                             | 2,843 |

#### C. Strategy for Addressing Needs

#### (1) Strategies

Need: Shortage of affordable housing for all eligible populations

# Strategy 1. Maximize the number of affordable units available to the PHA within its current resources by:

Maintain or increase Section 8 lease-up rates by marketing the program to owners, particularly those outside of areas of minority and poverty concentration.

Maintain or increase Section 8 lease-up rates by effectively screening Section 8 applicants to increase owner acceptance of program.

Enhance the existing Section 8 tenant voucher orientation training.

#### Strategy 2: Increase the number of affordable housing units by:

Leverage affordable housing resources in the community through the creation of mixed-finance housing

Increase the number of scattered site units

#### Need: Specific Family Types: Families at or below 30% of median

#### Strategy 1: Target available assistance to families at or below 30 % of AMI

Adopt rent policies to support and encourage work

#### Need: Specific Family Types: Families at or below 50% of median

#### Strategy 1: Target available assistance to families at or below 50% of AMI

Employ admissions preferences aimed at families who are working

#### Need: Specific Family Types: The Elderly Strategy 1: Target available assistance to the elderly:

Seek designation of public housing for the elderly

#### Need: Specific Family Types: Families with Disabilities

#### Strategy 1: Target available assistance to Families with Disabilities:

Carry out the modifications needed in public housing based on the Section 504 Needs Assessment for Public Housing

#### Need: Specific Family Types: Races or ethnicities with disproportionate housing needs

Strategy 1: Increase awareness of PHA resources among families of races and ethnicities with disproportionate needs:

Coordinate with the East Texas Fair Housing Service Center for the placement of tenants and staff and resident training.

#### Strategy 2: Conduct activities to affirmatively further fair housing

Counsel Section 8 tenants as to location of units outside of areas of poverty or minority Small PHA Plan Update Page 14 Table Library concentration and assist them to locate those units

Market the Section 8 program to owners outside of areas of poverty /minority concentrations

Train the Section 8 participating landlords regarding fair housing issues.

Coordinate with the East Texas Fair Housing Service Center for staff and resident training.

# **<u>3. PHA Policies Governing Eligibility, Selection, and Admissions</u> [24 CFR Part 903.7 9 (c)]**

# A. Public Housing (1) Eligibility

a. When does the PHA verify eligibility for admission to public housing?

BHA verifies eligibility for admission to public housing at application time.

b. Which non-income (screening) factors does the PHA use to establish eligibility for admission to public housing?

BHA uses the following screening factors:

- Criminal or drug-related activity
- Rental history
- Housekeeping

# Small PHA Plan Update Page 16 Table Library

c. Does the PHA request criminal records from local law enforcement agencies for screening purposes?

Yes, BHA uses local law enforcement records to screen applicants.

d. Does the PHA request criminal records from State law enforcement agencies for screening purposes?

Yes, BHA requests criminal background data from NCIC to screen applicants.

e. Does the PHA access FBI criminal records from the FBI for screening purposes? (Either directly or through an NCIC-authorized source)

No, BHA does not use FBI records for screening purposes.

#### (2) Waiting List Organization

a. Which methods does the PHA plan use to organize its public housing waiting list?

BHA uses a community-wide list and a countywide method to organize the public housing waiting list.

b. Where may interested persons apply for admission to public housing?

Interested persons may apply for admission at BHA's Section 8 Admissions Office.

c. If the PHA plans to operate one or more site-based waiting lists in the coming year, answer each of the following questions; if not, skip to subsection (3) Assignment

- 1. How many site-based waiting lists will the PHA operate in the coming year?
- 2. Are any or all of the PHA's site-based waiting lists new for the upcoming year (that is, they are not part of a previously-HUD approved site based waiting list plan)? If yes, how many lists?
- 3. May families be on more than one list simultaneously? If yes, how many lists?

4. Where can interested persons obtain more information about and sign up to be on the site-based waiting lists?

#### (3) Assignment

a. How many vacant unit choices are applicants ordinarily given before they fall to the bottom of or are removed from the waiting list?

Applicants are given one choice of housing before they return to the bottom of the waiting list.

b. Is this policy consistent across all waiting list types?

This policy is consistently applied across all waiting lists.

c. If answer to b is no, list variations for any other than the primary public housing waiting list/s for the PHA:

### (4) Admissions Preferences

a. Income targeting:

Does the PHA plan to exceed the federal targeting requirements by targeting more than 40% of all new admissions to public housing to families at or below 30% of median area income?

BHA plans to exceed the federal targeting requirements with increased outreach to families who

Small PHA Plan Update Page 17 Table Library are at or below 30% of median area income.

#### b. Transfer policies:

In what circumstances will transfers take precedence over new admissions?

Transfers will be processed before new admissions under the following circumstances:

- Emergencies/Natural Disasters
- Overhoused residents
- Underhoused residents
- Medical justification
- Administrative reasons determined by the PHA (e.g., to permit modernization work)
- Safety

### a. Preferences

1. Has the PHA established preferences for admission to public housing (other than date and time of application)?

No.

2. Which of the following admission preferences does the PHA plan to employ in the coming year?

None.

3. If the PHA will employ admissions preferences, please prioritize by placing a "1" in the space that represents your first priority, a "2" in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use "1" more than once, "2" more than once, etc.

4. Relationship of preferences to income targeting requirements:

N/A

### (5) Occupancy

a. What reference materials can applicants and residents use to obtain information about the rules of occupancy of public housing

Applicants may use the following information to obtain information about the rules of occupancy of public housing:

- PHA briefing seminars or written materials
- Resident Handbook
- The PHA-resident lease
- The PHA's Admissions and (Continued) Occupancy policy

b. How often must residents notify the PHA of changes in family composition?

All residents must notify BHA of changes in family composition during:

- annual re-examination and lease renewal
- family request for revision
- Any change in family composition

#### (6) Deconcentration and Income Mixing

a. Did the PHA's analysis of its family (general occupancy) developments to determine concentrations of poverty indicate the need for measures to promote deconcentration of poverty or income mixing?

Yes, the analysis of family developments found concentrations of poverty.

b. Did the PHA adopt any changes to its **admissions policies** based on the results of the required analysis of the need to promote deconcentration of poverty or to assure income mixing?

Yes, admissions policies will now place residents with lower than average incomes into developments with higher average incomes, and vice versa.

c. If the answer to b was yes, what changes were adopted?

BHA employs waiting list "skipping" to achieve deconcentration of poverty or income mixing goals at targeted developments.

If selected, list targeted developments below:

Given the concentration of poverty, all low rent housing sites are targeted.

d. Did the PHA adopt any changes to **other** policies based on the results of the required analysis of the need for deconcentration of poverty and income mixing?

Yes, BHA modified other policies.

e. If the answer to d was yes, how would you describe these changes?

BHA has taken actions to improve the marketability of certain developments, and has adopted and adjusted ceiling rents for certain developments.

f. Based on the results of the required analysis, in which developments will the PHA make special efforts to attract or retain higher-income families?

List (any applicable) developments below:

All low rent housing sites

g. Based on the results of the required analysis, in which developments will the PHA make special efforts to assure access for lower-income families?

List (any applicable) developments below:

All low rent housing sites

### **B. Section 8**

#### (1) Eligibility

a. What is the extent of screening conducted by the PHA?

Criminal or drug-related activity only to the extent required by law or regulation

b. Does the PHA request criminal records from local law enforcement agencies for screening purposes?

Yes

# Small PHA Plan Update Page 19 Table Library

c. Does the PHA request criminal records from State law enforcement agencies for screening purposes?

Yes, NCIC

d. Does the PHA access FBI criminal records from the FBI for screening purposes? (either directly or through an NCIC-authorized source)

No

e. Indicate what kinds of information you share with prospective landlords?

None

#### (2) Waiting List Organization

a. With which of the following program waiting lists is the Section 8 tenant-based assistance waiting list merged?

The Section 8 tenant-based assistance waiting list is merged with that for the Federal moderate rehabilitation site, Pear Orchard.

b. Where may interested persons apply for admission to Section 8 tenant-based assistance?

Interested persons may apply for Section 8 assistance at the Section 8 Admissions Office.

#### (3) Search Time

a. Does the PHA give extensions on standard 60-day period to search for a unit? Yes

If yes, state circumstances below:

If an applicant has not located a suitable unit within the initial 60 days, BHA will give the client an extended period to search.

#### (4) Admissions Preferences

a. Income targeting

Does the PHA plan to exceed the federal targeting requirements by targeting more than 75% of all new admissions to the Section 8 program to families at or below 30% of median area income?

No

#### b. Preferences

1. Has the PHA established preferences for admission to Section 8 tenant-based assistance? (other than date and time of application) (if no, skip to subcomponent)

Yes, Young v. Cuomo Class Member status.

2. Which of the following admission preferences does the PHA plan to employ in the coming year? (select all that apply from either former Federal preferences or other preferences)

3. If the PHA will employ admissions preferences, please prioritize by placing a "1" in the space

Small PHA Plan Update Page 20 Table Library that represents your first priority, a "2" in the box representing your second priority, and so on. If you give equal weight to one or more of these choices (either through an absolute hierarchy or through a point system), place the same number next to each. That means you can use "1" more than once, "2" more than once, etc.

- 1. Date and Time
- 2. Young v. Cuomo Class Member status
- 4. Among applicants on the waiting list with equal preference status, how are applicants selected?

Applicants are selected by date and time of application.

5. If the PHA plans to employ preferences for "residents who live and/or work in the jurisdiction"

Not applicable

6. Relationship of preferences to income targeting requirements:

Not applicable: the pool of applicant families ensures that the PHA will meet income-targeting requirements.

### (5) Special Purpose Section 8 Assistance Programs

a. In which documents or other reference materials are the policies governing eligibility, selection, and admissions to any special-purpose Section 8 program administered by the PHA contained?

Those policies are found in:

- The Section 8 Administrative Plan
- Briefing sessions and written materials
- Outreach
- b. How does the PHA announce the availability of any special-purpose Section 8 programs to the public?

BHA notifies the public through:

- Published notices
- Letters to all applicants

# 4. PHA Rent Determination Policies

[24 CFR Part 903.7 9 (d)]

# A. Public Housing

# (1) Income Based Rent Policies

a. Use of discretionary policies:

The PHA employs discretionary policies for determining income based rent (If selected, continue to question b.)

b. Minimum Rent

1. What amount best reflects the PHA's minimum rent? \$50

Small PHA Plan Update Page 21 Table Library 2. Has the PHA adopted any discretionary minimum rent hardship exemption policies?

Yes

3. If yes to question 2, list these policies below:

- The family is awaiting an eligibility determination to receive federal, state, or local assistance, including legal aliens entitled to receive assistance under the Immigration and Naturalization Act.
- Family composition/income permanently decreases due to changed circumstances such as separation, divorce, death, or abandonment.
- Loss of employment.
- Eviction resulting from nonpayment of rent.
- Other situations determined by BHA on a case by case basis, ie. alimony, child support.
- Rents set at less than 30% than adjusted income.
- c. Does the PHA plan to charge rents at a fixed amount or percentage less than 30% of adjusted income?

No

d. Which of the discretionary (optional) deductions and/or exclusions policies does the PHA plan to employ?

Not applicable

e. Ceiling rents

1. Do you have ceiling rents? (rents set at a level lower than 30% of adjusted income)

Yes, for all developments.

2. For which kinds of developments are ceiling rents in place?

Ceiling rents are in place for all developments.

3. Select the space or spaces that best describe how you arrive at ceiling rents

BHA conducted a survey of similar unassisted units in the neighborhood to determine appropriate ceiling rents. BHA also used existing fair market rents (FMR) for the area, and looked at rents in the 95<sup>th</sup> percentile.

f. Rent re-determinations:

1. Between income reexaminations, how often must tenants report changes in income or family composition to the PHA such that the changes result in an adjustment to rent?

Any time the family experiences:

- Change in income levels
- Change of family composition

g. Does the PHA plan to implement individual savings accounts for residents (ISAs) as an alternative to the required 12 month disallowance of earned income and phasing in of rent increases in the next year?

No

Small PHA Plan Update Page 22 Table Library

### (2) Flat Rents

a. In setting the market-based flat rents, what sources of information did the PHA use to establish comparability?

BHA is in the process of surveying similar unassisted units and undertaking an internal financial rent analysis by which flat rents will be determined.

# **B.** Section 8 Tenant-Based Assistance

### (1) Payment Standards

a. What is the PHA's payment standard?

100% of FMR

b. If the payment standard is lower than FMR, why has the PHA selected this standard?

N/A

c. If the payment standard is higher than FMR, why has the PHA chosen this level?

On occasion, higher payment standards are paid for class members per Young v. Cuomo. In this case, exception rents are paid for non-impacted areas to allow class members to have varied neighborhood options.

d. How often are payment standards reevaluated for adequacy?

BHA reevaluates standards annually.

e. What factors will the PHA consider in its assessment of the adequacy of its payment standard?

BHA considers the success rates of assisted families, and utilization rates.

### (2) Minimum Rent

a. What amount best reflects the PHA's minimum rent? (select one)

\$25 at Northridge, a Section 8 project.

b. Has the PHA adopted any discretionary minimum rent hardship exemption policies? Yes, when a resident has an unforeseen emergency due to loss of eligibility or waiting for Federal, state or local assistance program, BHA uses a hardship policy.

# **DEFINITION OF SUBSTANTIAL DEVIATION FROM PLAN**

In compliance with HUD guidance, BHA will report any and all substantial deviations from prior years' PHA Plans. For the purposes of the 5 Year Plan, BHA will consider the following a substantial deviation:

- Changes to the rent or admissions policies or organization of the waiting list;
- Additions of non-emergency work items (items not included in the current Annual Statement or 5 Year Action Plan) or change in use of replacement reserve funds under the Capital Fund;
- Additions of new activities not included in the current PHDEP Plan; and
- Any change with regard to demolition or disposition, designation, homeownership programs or conversion activities.

An exception will be made in the case of changes that are adopted to reflect changes in HUD regulatory requirements. This definition is subject to modification in future years.

# **RESIDENT ADVISORY BOARD (RAB) COMMENTS TO THE PLAN:**

#### January 16, 2001 RAB Meeting

 Comment: What is the community center uses/rental policy? Response: The community center policy is posted at each Management office on the bulletin boards. They need to review it and if there is something they feel needs to be changed or revised, they should take it to the Resident Councils for review. They need to come up with a plan and bring it back to the RAB for discussion.

#### January 23, 2001 RAB Meeting

Comment: Why can't we get a full year lawn contract? Why were the provisions for a third monthly cut? More edging, raking of leaves and additional services?
 Response: Due to budgetary constraints we are unable to provide a full year lawn maintenance contract or other additional services. We are in the process of issuing bids for a new lawn maintenance contract. The new contract should begin in April 2001. Due to budgetary constraints, BHA has limited the terms of these contracts to April through October, the peak grass growing months. We have also limited the cuts to two per month. We will review the budget to determine the feasibility of extending this contract, if at all possible. Lawn maintenance is supervised by the site managers and overall by the Director of Housing Management. BHA is committed to more extensive oversight of this year's contract for quality control.

#### February 21, 2001 RAB Meeting

- Comment: When choosing security guards please keep in mind that we want professional competent security guards that can really provide safety to the site.
   Response: The security guards recently hired are all professional and certified security personnel.
- Comment: Also remember that the security guards need to be considerate of the residents. Don't terrorize the resident Response: Security personnel will be trained to be sensitive to the rights and considerations of the tenants.
- Comment: Residents should be involved in decisions regarding security at the Beaumont Housing Authority.
   Response: BHA has conducted surveys in the past to determine resident perception of crime. Off-duty police and security personnel sometimes attend RC and RAB meetings to provide security information and collect feedback from the residents. Residents raise security issues at these meetings as well. BHA will address this issue in the coming year with the creation of a resident security task force and/or other similar measures.

4. **Comment:** Want resident access to the van purchased for the Resident Services programs and funded through the Drug Elimination grant. Want the van stored and available at the Resident Services Offices. Van should be stored in the steel storage unit especially built for the van.

**Response:** The resident van is currently available at all times upon request. BHA has a basic policy regarding the use of BHA vehicles, but it is presently reassessing and updating these policies. The new policies and information regarding how to access the van will be shared with the Resident Councils in the next month.

- Comment: The RAB wants more training on the PHA Plan so that they can understand it better and provide better comments.
   Response: Staff began PHA Plan discussions with residents in August 2000, however not all residents attended. The PHA Plan was then posted in December and brought to the RAB in January and the public hearing was held on February 14, 2001. BHA will make greater attempts in 2001 to train and involve residents throughout the PHA Plan process.
- 6. Comment: How is the Capital Fund budget created? Response: The annual Capital Fund budget is based upon the 5-year Capital Plan. It is developed through an in-house assessment of Capital Needs, staffing and security issues, REAC assessments, HUD monitoring reviews, the Consent Decree and other external factors, tenant input and concerns as well as emergency issues and the immediate budget demands of the authority overall.
- 7. **Comment:** How can all of the Resident Councils get office equipment and other supplies? **Response:** All active resident councils can request office equipment and supplies through the site manager or other Department of Housing Management staff. These items will need to be built into the budget, but will be accommodated to the best extent possible.
- Comment: What is the Resident Council budget? How much money should they receive? When are the checks provided to the Councils? Response: Each year in April checks are issued. The FY2001 budget amount has not been determined. The budget is based on HUD regulations that say \$15 per unit.
- 9. **Comment:** We need money for child care? What is the status of the BHA Child Care Development Center?

**Response:** BHA can not provide money for child care, however the original plan for the BHA Child Care Development Center was designed to provide less expensive child care. BHA also hoped to work closely with Catholic Charities, the agency responsible for the TANF child care subsidy. Currently, BHA is working with PricewaterhouseCoopers (PwC) to assess the extent of the need for child care at BHA and to assess the operational viability of moving forward with BHA's original plans for a child care facility. The currently renovated day care facility still requires additional work to meet state licensing requirements and has not yet developed a viable operational budget.

## **RESIDENT COMMENTS TO THE PLAN:**

To be included following the public comment period. Use this section to provide additional attachments referenced in the Plans.

| 1)  | Question:<br>Answer: | How many of the original 006 homes did BOTG sell to the open market?<br>The Beaumont Housing Authority sold 23 homes in through an open bid<br>process. The homes were part of the 006 program.   |
|-----|----------------------|---|
| 2)  | Question:<br>Answer: | What about purchasing your public housing apartment?<br>That program was never implemented, it was just a proposal.   |
| 3)  | Question:<br>Answer: | Is the Drug Elimination Grant ? money for all of housing?<br>The money is for Magnolia, Concord, Tracewood I, II, and Lucas.  |
| 4)  | Question:<br>Answer: | Will the Drug Elimination funds be for security guards?<br>Part of this money will be used to pay the salaries of off-duty police that<br>are used to patrol the sites on nights and weekends.  |
| 5)  | Question:<br>Answer: | Will this include the Beaumont Police Department?<br>Yes, it will include off-duty officers' salaries   |
| 6)  | Question:            | Why were they hire security guards in April and then the money runs out?  |
|     | Answer:              | Because there is a limited amount of funding available and BHA provided as much security as it could until the funds ran out.   |
| 7)  | Question:            | In regards to the 8 hour community service requirements, is this a HUD requirement or a BHA requirement?  |
|     | Answer:              | Congress mandated the community service requirement in the 1998<br>Quality Housing and Work Responsibility Act (QHWRA). The RAB<br>contributed to the development of BHA's specific plan for the<br>community service requirement. Eight hours per month are needed if<br>you are not exempt. There are some exceptions to this rule. |
| 8)  | Question:<br>Answer: | How many hours per month are required for Community Service? Eight hours.   |
| 9)  | Question:            | What is the motivation behind attending job training—why not just do the eight hours (of community service)?  |
|     | Answer:              | The focus on job training was to involve residents in some kind of valuable activity and to help them get a job and experience success. If your goal is to achieve self-sufficiency then the job training and the community services will be beneficial.  |
| 10) | Question:            | Why can't the non-refundable fee for pets be added into the rental  |
|     |                      |   |

|     | Answer:              | deposit?<br>The non-refundable fee covers normal wear and tear items. Whereas the<br>pet deposit is refundable and exclusively to cover any additional<br>damage caused to a unit by a pet.   |
|-----|----------------------|---|
| 11) | Question:            | Under the Capital Fund buget what are considered management   |
|     | Answer:              | improvements?<br>Resident and staff training, policy changes, consultants, safety and crime<br>information, general technology upgrades, etc.   |
| 12) | Question:            | Who comes up with the list of Capital Fund improvements?<br>Why is it redundant? Why are sites repeated several times?  |
|     | Answer:              | All of the sites need on-going repairs and as long as tenants move in and<br>out and units turnover, they require repairs. As long as there are<br>uninhabitable units at a property, Capital Funds will need to be used to<br>bring them back on-line.   |
| 13) | Question:            | Why do we keep hearing about Concord Homes? Why does there continue to be a line item in the Capital Fund budget for Concord Homes?   |
|     | Answer:              | It will take about \$6 million to do a total rehabilitation of Concord<br>Homes. We have spread the costs out over a 4-5 year process and it is<br>being done in phases.  |
| 14) | Question:<br>Answer: | Was the RAB, which was selected, trained and privy to this information?<br>BHA staff began working on the PHA Plan with the RAB in August,<br>2000. Resident Council members were given a copy of the PHA Plan on<br>December 28, 2000, when the plan was posted. Then we met with the<br>RAB at the January 13 and 23, 2001 meetings and provided additional<br>copies. All residents were invited to the Public Hearing on February 14,<br>2001 and then additional comments on the PHA Plan were provided by<br>the RAB members at the February 21, 2001 meeting. No official<br>"training" on the PHA Plan was provided, however, if the message was<br>not made available, we have more work to do in this area. |
| 15) | Question:<br>Answer: | I thought money was already given to Magnolia when Wilson was here.<br>All of the sites need on-going repairs and as tenants change and units<br>turnover, they require repairs. As long as there are uninhabitable units at<br>a property Capital Funds will need to be used to bring them back on-line.<br>Magnolia has on-going repair issues.   |
| 16) | Question:            | I thought Magnolia was supposed to be done with their air conditioners  |
|     | Answer:              | three years ago.<br>The court ordered that BHA provide air conditioners at Magnolia,<br>however HUD never provided funding. BHA considered it an unfunded<br>mandate and HUD had to make a special allocation to fund the purchase.   |
| HUD | 50075                | OMB Approval No: 2577-0226  |

These are the reasons for the hold up.

| 17) | Question:<br>Answer: | Is Concord cable ready?<br>Yes, the units are cable ready.   |
|-----|----------------------|--|
| 18) | Question:<br>Answer: | Why aren't the units at Lucas/Grand Pine cable ready. Is it because they (BHA) ran out of money?<br>We are scheduled to make the sites cable ready, it could take 304 years to complete, but we are committed to finish.     |
| 19) | Question:<br>Answer: | What are the administrative fees indicated in the Capital Fund Budget?<br>This line item primarily covers salaries.  |
| 20) | Question:<br>Answer: | How large is this staff?<br>The Administrative Fees primarily cover the salaries of two Capital<br>Fund office personnel, the security guards and some preventative<br>maintenance personnel time.                           |
| 21) | Question:<br>Answer: | Is the Section 8 Administrative Plan out for viewing?<br>Yes it is available in the supplemental attachments to the PHA Plan. No<br>substantial changes have been made to the Section 8 Administrative Plan<br>at this time. |

Additional Comments:

- 1) Would like to have cable and big screen TV in community room.
- 2) New tables and ceiling fans for community room
- 3) Office furniture and supplies and computer equipment for resident services office
- 4) New refrigerators and stoves

## **RESPONSE TO ISSUES IDENTIFIED BY RASS**

The safety and well being of residents is very important to BHA staff and the overall success of both the BHA public housing and Section 8 programs. Therefore, BHA is currently taking steps to address the issues identified in the RASS.

For the Survey Safety Section, BHA will:

- Rehire security guards at all Family and Elderly Housing developments
- Improve gate security procedures
- Use the RAB to identify and resolve further issues

For the Survey Neighborhood Appearance Section, BHA will:

- Provide funding to paint graffiti and other areas in need of paint
- Contract with a local landscape service (different from previous service) for the lawn maintenance
- Demolish 50 Concord units in poor condition
- Use the RAB to identify and resolve further issues

## STATEMENT OF PROGRESS AGAINST FY2000 GOALS

#### A. Mission

The mission of the PHA is the same as that of the Department of Housing and Urban Development: To promote adequate and affordable housing, economic opportunity and a suitable living environment free from discrimination.

#### Goals

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

#### BHA Goal: Expand the supply of assisted housing

Objectives:

By March 2000, Housing Management will reduce public housing vacancies from 3 to 0 authority-wide by attracting new clients off the waiting list, which will decrease vacancies by 1%.

BHA hopes to achieve this goal by October 2001.

By November, 2000, BHA will leverage private or other public funds to create additional housing opportunities by contacting community builders through HUD.

The Authority has begun discussions with HUD Community Builders regarding shared regional activities and other methods of leveraging funds. BHA hopes to fully achieve this goal by November 2001.

By May, 2000, BHA will acquire vacant land from the City of Beaumont to construct 48 units to complet the 148 unit acquisition.

By May, 2001, BHA may acquire vacant land to construct 48 units depending upon development analysis currently underway. If, BHA decides to acquire existing single family properties, it should be complete by December 2001. If BHA decides to acquire existing multi-family properties, the financing and acquisition should be underway by December 2001. If, BHA decides to construct a property, the Modernization and Development division will have acquired the land, developed a pro forma and preliminary drawings by December 2001.

BHA Goal: Improve the quality of assisted housing

Objectives:

By May 2000, BHA will maintain public housing management PHAS score of 100.

BHA hopes to achieve a score between 75 and 100 by October 2001.

By July 2000, BHA will maintain voucher management SEMAP score of 100.

HUD 50075

#### BHA hopes to achieve a score between 75 and 100 by October 2001

By February 2000, Section 8 will increase customer satisfaction by being more resourceful, prompt, and continue to be courteous.

BHA hopes to achieve this goal by March 2001. It has already undertaken an analysis of ways to improve service and train staff.

By January 2001, the Modernization Division will construct 48 public housing units throughout the City of Beaumont.

BHA is currently analyzing the best approach for the development of the 48 units. If, BHA decides to acquire existing single family properties, it should be complete by December 2001. If BHA decides to acquire existing multi-family properties, the financing and acquisition should be underway by December 2001. If, BHA decides to construct a property, the Modernization and Development division will have acquired the land, developed a pro forma and preliminary drawings by December 2001.

By February 2000, the Modernization and Development division will perform interior demolition at Concord Homes to start renovation stage for 78 units.

BHA has begun interior demolition at Concord Homes in order to renovate 78 units. It plans on completing the renovation of 30 units by August 2001.

By January 2001, 48 unit new construction and 100 unit acquisition will be completed, which will increase housing stock from 622 to 770.

BHA has completed acquisition and almost all renovation of 100 units. (See earlier goal regarding status of 48 unit acquisition.)

Additional accomplishment:

BHA has begun to take steps to improve the curb appeal of public housing properties, which is expected to attract new residents to public housing and eliminate vacancies. Security continues to be improved through use of PHDEP funds and a renewed attention to the issue.

#### BHA Goal: Increase assisted housing choices

Objectives:

By January 2000, Section 8 will conduct outreach efforts to potential voucher landlords.

In December 2000, BHA in collaboration with Port Arthur and Orange PHAs conducted a Section 8 landlord meeting regarding lead-based paint requirements and other issues. It was very well received. BHA intends to continue such outreach efforts throughout 2001 and on-going.

By January 2000, BHA will submit a request to HUD for an increase in voucher payments so that BHA may increase Section 8 voucher payment standards. This will enable BHA to attract more landlords to the Section 8 program in non-impacted areas.

BHA is working with HUD Fort Worth to increase the payment standard to assist in providing

HUD 50075

desegregative housing opportunities in Beaumont.

By January 2003, BHA will implement first-time homeownership program, which will increase participation from 49 to 100 homeowners.

BHA has developed a plan for the Homeownership Program and plans to submit this plant to HUD for approval this year. BHA currently has 54 participants in the homeownership program, 10 of which have already purchased homes.

#### HUD Strategic Goal: Improve community quality of life and economic vitality

#### BHA Goal: Provide an improved living environment

Objectives:

By January, 2003, BHA will achieve poverty deconcentration requirements by bringing higher income public housing households into lower income developments at BHA. BHA will increase the number of higher income households in public housing from 39 to 154; this will be a 20% increase over the next 3 years.

BHA has begun to implement measures to deconcentrate poverty by giving higher income families a preference on the waitlist

By January 2003, Housing Management will achieve income-mixing requirements in public housing by giving access to lower income families into higher income developments.

By June, 2001, BHA's Modernization division will install wrought iron fencing at Concord Homes. This will improve resident safety and security at this development.

#### BHA has installed wrought iron fencing at Concord Homes

By March 2000, BHA will designate Lucas Garden and Grand Pines (or sections of these developments) for occupancy by elderly residents only.

BHA has begun the application process for designation of Grand Pines and Lucas Gardens as elderly housing

#### HUD Strategic Goal: Promote self-sufficiency and asset development of families and individuals

#### BHA Goal: Promote self-sufficiency and asset development of assisted households.

Objectives:

By 2002, Resident Initiatives will promote self-sufficiency and asset development of assisted housing by 10%.

BHA is in the process of reassessing the Resident Initiative programs and will implement improvements throughout 2001.

By 2002, Resident Initiatives will increase the number and percentage of employed persons in assisted

HUD 50075

housing from 204 to 220, which will be an 8% increase.

BHA has established an agreement that creates unpaid work experience opportunities for TANF recipients in conjunction with the Texas Department of Human Services and other program partners.

By 2002, BHA will increase employability services to 50 additional residents. This will increase the numbers of residents receiving these services from 150 to 200, which is a 25% increase.

By 2002, Resident Initiatives will increase the number of independent disabled or elderly residents from 100 to 125, which is a 20% increase.

BHA's Resident Initiatives has begun to provide additional support service referrals to these residents in conjunction with program partners, including Department of Human Services, Shaffer's Hearing and Speech Center, and local hospitals.

#### HUD Strategic Goal: Ensure Equal Opportunity in Housing for all Americans

#### PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Objectives:

By June 2000, Admissions will undertake affirmative measures to ensure access to assisted housing, regardless of race, color, religion, national origin, sex, familial status and disability.

BHA has provided vouchers to Young v. Cuomo class members at exception rent amounts in order to improve housing choice in non-impacted areas of Jefferson County. The Authority has begun to work more closely with the ETFHSC to establish more desegregative housing opportunity and affirmatively further fair housing.

By June 2000, Admissions will undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion, national origin, sex, familial status and disability.

BHA is working on new wait list procedures and tenant orientations to improve the fair housing.

By June 2000, Admissions will undertake affirmative measures to ensure accessible housing to persons with all varieties of disabilities regardless of unit size required.

BHA has appointed an ADA Coordinator to oversee the necessary modifications to the properties for accessibility. Five of the scattered site properties are being modified to comply with ADA.

# COMMUNITY SERVICE POLICY STATEMENT

See attached policy.

#### PET POLICY SUMMARY

BHA implemented a pet policy which allows for domesticated animals, such as a dog, cat, bird, rodent (including a rabbit), fish, or turtle, that is traditionally kept in the home for pleasure rather than for commercial purposes are now allowable at BHA properties. Common household pet does not include reptiles (except turtles).

- The Authority will charge an additional "pet security deposit" in the amount of \$100.00 which must be paid by resident to cover additional costs that may be incurred attributed to the pet. (Exceptions made for fish gerbils and guinea pigs).
- A one time non-refundable fee of \$150 will also be paid by pet owner to cover BHA's reasonable operating costs relating to the presence of a pet (exceptions made for fish, gerbils, and guinea pigs). This fee will not be charged to residents designated as elderly/handicapped.
- Dogs and cats may be no larger than an anticipated size of 15-lbs. and/0r 15 inches in height when full grown. All pets must be registered with BHA management office upon admission of the pet and/or pet owner and again annually (usually at annual re-exam). Pet owner must show proof of pet's a) annual rabies, parvo, and distemper boosters, cats should be vaccinated against feline leukemia b) provide information of an alternate care giver, should the owner not be available to care for pet and, c) certification of beings spayed or neutered or AKC registration.

No pet owner shall permit his or her pet to disturb, interfere or diminish the peaceful enjoyment of the pet owner's neighbors or other residents. The terms "disturb, interfere or diminish" will include but not be limited to barking, howling, biting, scratching, chirping, and other activities of a disturbing nature. Should the management office receive complaints from three different neighboring resident households, or serious repeated complaints, management will order the removal of the pet. If the pet owner declines, delays, or refuses to remove the pet from the premises, the BHA will consider that a lease violation and may start eviction action.

Pets <u>must</u> be removed or restrained when there is a planned entry in to the unit by maintenance or management staff to perform routine or preventative tasks.

## COMMUNITY SERVICES/ECONOMIC SELF SUFFICIENCY POLICY

BHA is implementing a community service/economic self-sufficiency requirement. Community Service is defined as the performance of voluntary work or duties that are a public benefit, and that serve to improve the quality of life, enhance resident self-sufficiency, or increase resident self-responsibility in the community. Community service is not employment and may not include political activities. Economic self-sufficiency are programs designed to encourage, assist, train or facilitate the economic independence of HUD-assisted families or to provide work for such families.

Every adult resident of public housing, other than those meeting exemptions listed below, will be required to perform eight hours of community service each month or participate in a self-sufficiency program at least eight hours each month.

The BHA will administer and monitor qualifying community service and economic self-sufficiency activities directly. All family members 18 years of age or older will be notified of the service requirements prior to admission and again at each re-exam interview.

Upon admissions, annual and/or interim re-exam the property manager will review the relevant documentation, including information received from the Texas Department of Human Services, and will (re)determine which family members are subject to the service requirement and which members are exempt. Acceptable activities include but are not limited to:

Community Service

- Volunteer with schools, libraries, museums, recreation department
- Work with youth sports activities or youth activities, such as Boys Club or Girl Scouts
- Attend or participate in resident council meetings
- Assist with structured school tutoring program or as a mentor
- Care for children of others performing service requirements
- Volunteer to work with elderly and disabled through a structured program
- Work with City or non-profit organizations

Self-Sufficiency

- Attendance of resident initiative department classes
- Attending Training and Consulting Services (TACS) sessions
- Participate in substance abuse or mental health treatment
- Attend workshops offered through TX Workforce Commission, job counseling, etc.
- Attend homeownership training
- Attend job training program
- Attend English proficiency program
- Attend educational facility

## ADMISSIONS POLICY FOR DECONCENTRATION

In its assignment of units, BHA will, to the maximum extent feasible, avoid concentration of the most economically and socially deprived families in any one or all of its developments, in an attempt to achieve a broad range of incomes.

Applicants will be grouped according to the following categories based on income ranges:

- a) Group 1: Families with incomes between 0% and 30% of the area median income
- b) Group 2: Families with incomes between 31% and 80% of the area median income

As required by QHWRA, 40% of the families admitted during the fiscal year must be admitted from Group 1. To ensure that at any given time BHA has not fallen below the required 40 %, BHA will analyze its move-ins on a monthly basis. If a monthly analysis determines that BHA has admitted fewer than 40% from Group 1, BHA will institute a policy of admitting two applicants from Group 1 for every one applicant admitted from Group 2 until the 40% threshold is met. When the 40% requirement is achieved, the BHA will resume admitting families based on date and time of application. Any applicants passed over as a result of implementing this policy will be offered a unit in order of their placement on the waiting list.

In order to prevent or correct concentrations of the lowest income families in any one project or portion of project, the BHA may skip over a Group 1 family on the waiting list in order to house a Group 2 family with a higher income.

A. Each vacant unit in any public housing development or in any other development affected by Young vs. Cuomo shall be placed in a vacancy pool consisting of units which are vacant and not the subject of an outstanding offer to another applicant. Units in the vacancy pool shall be sub-divided by unit size and type (elderly and barrier-free). Applicants on the waiting list shall be grouped in accordance with the unit size required. The applicant with the earliest application date shall be offered an appropriately sized unit of their choice from the vacancy pool in the development site where the applicant's race does not predominate. The non-elderly applicant with the earliest application date shall be offered an appropriately sized unit of their shall be offered an appropriately sized unit of their choice from the vacancy pool in the development with the earliest application date shall be offered an appropriately sized unit of their choice from the vacancy pool. (Project sites where less than 75 percent (75%) of the units are occupied by families of the same race as the applicant are considered developments where the applicant's race does not predominate.)

# **Public Housing Drug Elimination Program Plan**

Note: THIS PHDEP Plan template (HUD 50075-PHDEP Plan) is to be completed in accordance with Instructions located in applicable PIH Notices.

## Annual PHDEP Plan Table of Contents:

- 1. General Information/History
- 2. PHDEP Plan Goals/Budget
- 3. Milestones
- 4. Certifications

#### Section 1: General Information/History

- A. Amount of PHDEP Grant \$ 126,686.00
- B. Eligibility type (Indicate with an "x") R\_X\_\_\_\_

- C. FFY in which funding is requested 2002
- D. Executive Summary of Annual PHDEP Plan

In the space below, provide a brief overview of the PHDEP Plan, including highlights of major initiatives or activities undertaken. It may include a description of the expected outcomes. The summary must not be more than five (5) sentences long.

In its sixth year of funding, the Beaumont Housing Authority continues to focus primarily on the elimination of drug use and drug related crime activities. As a means to this end, BHA and its public housing residents have been actively engaged with the local police, local school district, Texas Workforce Commission, Job Force, Delta Career Institute, Lamar University, Department of Human Services, TACS and private businesses in setting up and implementing the following programs:

- security patrols and personnel
- continuing and higher education program
- computer-based learning center
- on-site job training program
- substance abuse referrals and support groups
- youth educational programs
- training sessions in parenting skills and family self sufficiency

With proper program coordination and effective participation of residents BHA seeks to create:

• an integrated community in which drug-related crimes will decrease and families feel more secure

- a better prepared and trained population ready to access and engage in productive economic, social, and social endeavors
- a proactive and supportive community environment

## F. Duration of Program

Indicate the duration (number of months funds will be required) of the PHDEP Program proposed under this Plan (place an "x" to indicate the length of program by # of months. For "Other", identify the # of months).

| 6 Mon  | ths     | 12 Months | _X | 18 Months | 24 |
|--------|---------|-----------|----|-----------|----|
| Months | _ Other |           |    |           |    |

## G. PHDEP Program History

Indicate each FY that funding has been received under the PHDEP Program (place an "x" by each applicable Year) and provide amount of funding received. If previously funded programs <u>have not</u> been closed out at the time of this submission, indicate the fund balance and anticipated completion date. For grant extensions received, place "GE" in column or "W" for waivers.

#### Section 2: PHDEP Plan Goals and Budget

#### A. PHDEP Plan Summary

In the space below, summarize the PHDEP strategy to address the needs of the target population/target area(s). Your summary should briefly identify: the broad goals and objectives, the role of plan partners, and your system or process for monitoring and evaluating PHDEP-funded activities. This summary should not exceed 5-10 sentences.

BHA's goals and objectives include the reduction of crime and violence by 50 percent, the preservation of the computer learning center, and the ability to continue providing security to residents. In order to monitor and evaluate PHDEP-funded activities, BHA will track and review the number of participants involved in all PHDEP-funded activities. In addition, BHA will obtain participants' feedback and assessment of the programs on a continuous basis. BHA will also ascertain the level of security of the sites through the analysis of security data reports.

#### **B.** PHDEP Budget Summary

Enter the total amount of PHDEP funding allocated to each line item.

#### C. PHDEP Plan Goals and Activities

In the tables below, provide information on the PHDEP strategy summarized above by budget line item. Each goal and objective should be numbered sequentially for each budget line item (where applicable). Use as many rows as necessary to list proposed activities (additional rows may be inserted in the tables). PHAs are not required to provide information in shaded boxes. Information provided must be concise—not to exceed two sentences in any column. Tables for line items in which the PHA has no planned goals or activities may be deleted.
