Plan Amendments

Substantial deviations or significant amendments or modifications are defined as discretionary changes in the plans or policies of the housing authority that fundamentally change the mission, goals, objectives, or plans of the agency and which require the formal approval of the Board of Commissioners.

Community Service Policy

What is the Community Service and Self-Sufficiency Provision?

The community service and self-sufficiency requirement is a legislative mandate by Congress as part of the Public Housing Reform Act of 1998. This provision follows some of the themes of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996, also known as the Welfare Reform Act, by requiring low-income families in public housing to contribute or participate for 8 hours a month in a community service or a self-sufficiency activity or combination of both, as a condition of receipt of Federal housing assistance. Under this provision of law, noncompliance with the community service and self-sufficiency requirement is a violation and is grounds for nonrenewal of the lease at the end of a 12-month lease term, but not for termination of tenancy during the course of the 12-month lease term. However, nonrenewal of the lease is ultimately grounds for eviction.

Who Does It Apply To?

Community service and self-sufficiency applies to all nonexempt, adult residents in public housing. There are numerous exemptions under the law for adult residents who are unable to participate.

Definition of Economic Self-Sufficiency Program

For purposes of satisfying the community service requirement, participating in an economic self-sufficiency program is defined, in addition to the exemption definitions

described above, by HUD as: Any program designed to encourage, assist, train or facilitate economic independence of assisted families or to provide work for such families.

In addition to the HUD definition above, the HA definition includes the following:

Participating in an educational or vocational training program designed to lead to employment.

Participating in the Family Investment Center Program.

Other activities as approved by the NNRHA on a case by case basis.

PHA Implementation of Community Service Requirement

The NNRHA will administer its own community service program, with cooperative relationships with other entities. In addition, the Reform Act specifically prohibits political activity as community service and self-certification of residents subject to the community service requirement that they have complied with 8 hours per month is not acceptable.

Pet Policy

The purpose of this policy is to establish the Authority's policy and procedures governing the ownership of common household pets in public housing units. This policy explains the criteria on the keeping of pets and establishes reasonable rules governing their care.

Residents interested in owning and/or maintaining a common household pet in their dwelling unit will be required to submit a written request for approval to their Management Rental Office and must receive approval from Management prior to housing a pet on NNRHA property. The pet owner must submit and enter into a Pet Agreement with the NNRHA. The purpose is to ensure that there is a standard to document the health, suitability and acceptability of the pet. Registration requirements may not conflict with State and local law.

6. Many of the major industries are not located in or near the Southeast complexes (i.e. Gateway, Canon, a major Mall with three anchor stores, APAC, West Telemarketing, Twin Pack, numerous mini malls, and MCI).
7. Some families want to live in the Southeast complexes in order to obtain vocational skills, job skills, and training at the Family Investment Center (FIC). The FIC is in walking distance for families. In addition, a large daycare center is in walking distance for families residing in the Southeast complexes. Upon completion of training or increasing job skills, the families are able to increase their income.
8. Some families choose to move to the Southeast complexes based on NNRHA provided utilities. These families may have an outstanding balance with the local utility companies and cannot afford to turn utilities on in their name in the North End complexes. The North End complexes have tenant paid utilities.

Summary

This analysis was prepared on occupancy data as of January 12, 2001. We feel that the income data and characteristics is sufficiently explained for the covered developments and supports the goals of deconcentration of poverty and income mixing. In addition, we will review this data annually along with the Occupancy Policy as part of the planning process to further fair housing.
