STATEMENT OF PROGRESS IN MEETING THE 5 -YEAR PLAN AND GOALS

PHA Goal: Expand the supply of assisted housing:

The Oceanside Housing Authority was unable to apply for additional funding due to underutilization of current funding primarily due to payment standards that were not adequate and a very tight rental market with low vacancy rates and rapidly escalating rents. However, the Housing Authority has been successful in increasing the utilization rate for the program and should be eligible to apply for funding in the upcoming fiscal year. The voucher utilization rate for December 2001 was 99%.

PHA Goal: Improve the quality of assisted housing :

The Oceanside Housing Authority has submitted two SEMAP certifications, and continues to have the objective of being recognized as a high performer as soon as possible and no later than June 30, 2005. As mentioned previously, the Housing Authority has increased the program utilization rate to 99% as of December 2001 and therefore is able to assist more households. The waiting time for applicants is approximately one to four years.

The focus during the past six months has been increasing utilization of funding. However, during the next six months the Housing Authority will be focusing on increasing customer satisfaction, considering staffing and funding constraints. The Housing Authority sent a "customer satisfaction" survey to all Section 8 participants in December 2001 and will be evaluating the results to determine additional services that may be provided. Staff has met with housing staff of a local non-profit social service agency, Lifeline, to brainstorm ways that we can work together to assist our common clients. In August 2001, Lifeline conducted a Housing Education workshop in the City of Oceanside meeting rooms. All waiting list applicants were notified of the workshop.

PHA Goal: Increase assisted housing choices:

The Oceanside Housing Authority continues to provide voucher mobility counseling at all briefings and move appointments. The Housing Authority conducted one informational meeting for landlords on October 3, 2001, in collaboration with the Community Opportunities Program, and the other housing authorities in San Diego County. One additional informational meeting will be held in March or April 2002. The payment standards have been increased two times in the current fiscal year (August 1 and November 1, 2001) to 110% of the HUD Fair Market Rent to increase housing choices to Section 8 participants. The Housing Authority will establish a program to assist participants to use their tenant-based program to become homeowners by June 30, 2003. An owner newsletter was established and distributed in June and December 2001. The Housing Authority intends to publish the newsletter on a quarterly basis. The Housing Authority sent a Rental Owner Survey to all Section 8 landlords in December 2001 and will develop a marketing plan based on the survey results. New, more professional owner information has been developed over the last several months.

PHA Goal: Promote self-sufficiency and asset development of assisted households:

The Oceanside Housing Authority continues to operate a Family Self-Sufficiency Program to promote self-sufficiency and asset development. In addition, Housing Authority staff meets at least annually and communicate on a regular basis with agencies that assist persons with disabilities to assist mutual clients and to obtain information about supportive services available for persons with disabilities.

PHA Goal: Ensure Equal Opportunity in Housing for all Americans:

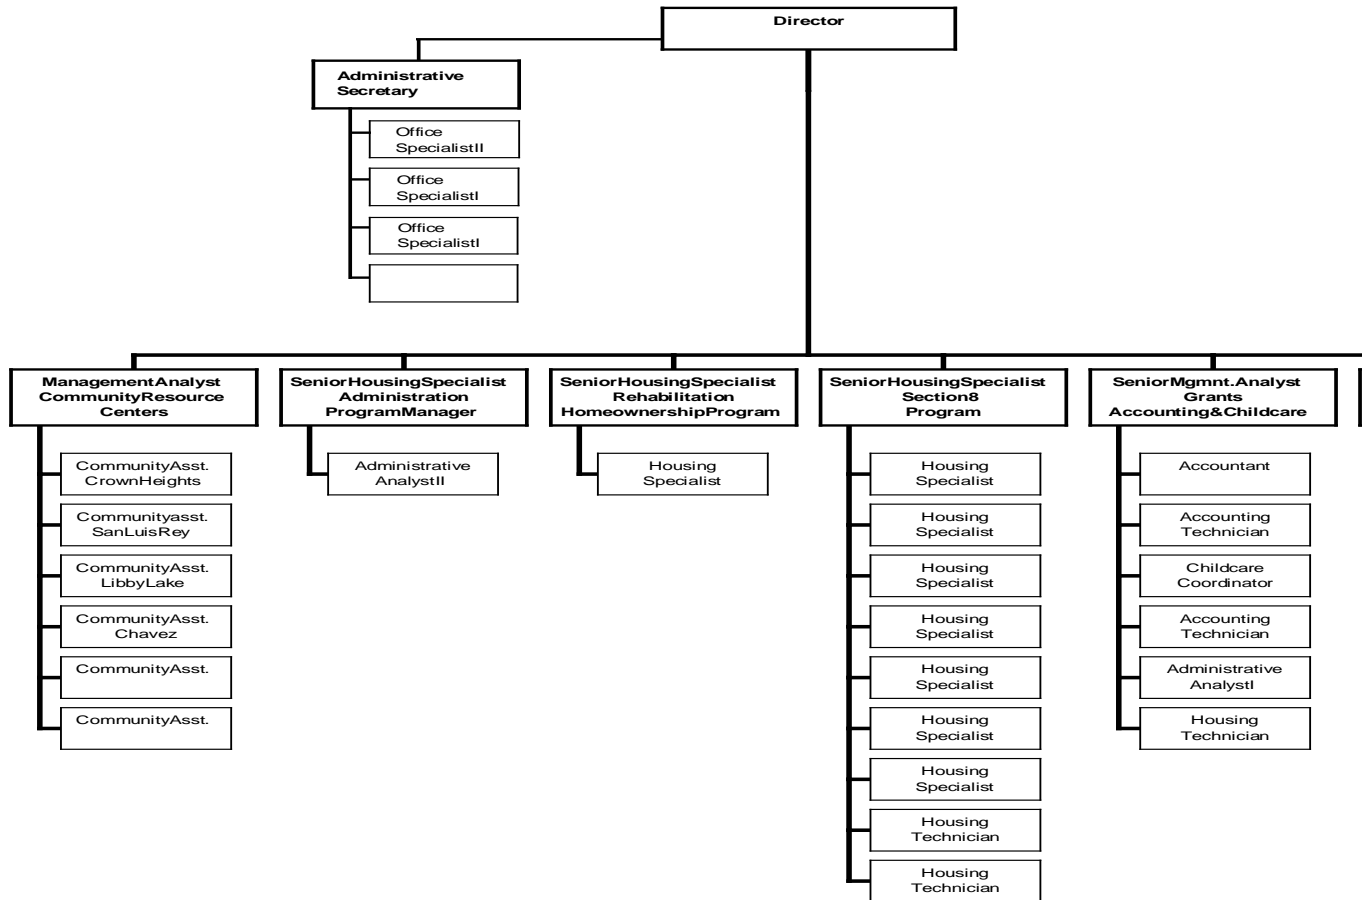

The Housing Authority continues to provide information about equal opportunity and fair housing at all Section 8 Program briefings, and upon request from participants and the public. A Housing Authority employee is designated as the Fair Housing representative and provides training and information as needed. The Housing Authority provides information regarding reasonable accommodation to participants

and applicants, and offers reasonable accommodation for persons with disabilities when appropriate. The Housing Authority has published a packet for persons with disabilities, including information on agencies that assist persons with disabilities, accessible units, and financial resources for making alteration to units.

Section 8 Homeownership Capacity Statement

The Oceanside Housing Authority will establish a minimum homeowner down payment requirement of at least 3 percent and require that at least 1 percent of the down payment come from the family's resources.
